

KILLED BY BERKELEY TRAIN

FORTUNE IS LOST TO WOMAN

DECISION GIVEN AGAINST MRS. LLOYD NIX.

The suit of Mrs. Elizabeth Lloyd Nix, natural daughter of the late Charles R. Lloyd, who fought out a legal battle before Judge Ellsworth for a child's share of the estate of the late Charles R. Lloyd, was decided against her by Judge Ellsworth this morning. The \$900 left her by the man she called father, while his legitimate child, who left an estate valued at about \$350,000.

In rendering his decision Judge Ellsworth acknowledged the moral obligation resting upon Lloyd to care for his daughter, but the legal technicalities stand in the way of the judge giving to the child her portion which he believes she justly has a right to. Mrs. Nix brought her action basing it upon a promise made to her by Lloyd that if she and her mother would come to this country from England and treat him as a husband and father that he would set them up in business. That was many years ago and they came and took up their residence with him in this city.

MANY PROMISES—BUT

But they found out that Lloyd was great on promises but small in fulfillment and one promise after another was broken and they were put out until the scandal broke in which Lloyd was shot by his nephew, William Box, all at San Bernardino, and which eventually terminated his existence as the result of Lloyd's immoral practices in which he was shown to have had incestuous relations with his nieces. He had needed friends and he reminded all his previous promises and then told Mrs. Nix that if she would share his name he would treat her as his daughter and give her an equal share with his other children in his estate.

MOCKED FROM GRAVE

The mother and her daughter asked him to do as far as they were able and when he died they discovered his evil and from beyond his grave he mocked the woman who reared him in the bloom of her youth and her child who put faith in his word when he was on the brink of perdition. The woman whom he had called wife left \$1000 to her daughter \$300.

It was to make the executor of the estate give her what she believed was her right that Mrs. Nix brought the action and finally succeeded in having the whole miserable first and show Lloyd as he was for nearly six years of his life. She employed a lawyer, Frank H. Powers of San Francisco and M. C. Chapman while W. S. Goodfellow appeared for the executor of the Lloyd estate.

NOT LEGALLY PROVEN

The action that was alleged was based upon a contract and the court

THIS WOMAN TAKES PITY ON HIGHWAYMEN

FRUITVALE, April 13.—Aged Mr. and Mrs. David N. Sweetman were held up by three masked highwaymen on High street about a mile from their home, which is at the end of Fenniman avenue last night. The robbers secured a total of thirty cents and considerable joshing from Mrs. Sweetman who was much more at ease than the robbers.

Mr. and Mrs. Sweetman were driving in a double-seated barouche having been to Fruitvale where they had used practically all their money in paying a bill.

Two of the men stopped the horse while the third nervously presented a revolver and fumbled about Mrs. Sweetman's person for valuables. Mrs. Sweetman decided him for his nervousness and referred him to her husband. The latter had four nickels on his person three of which the robber found. In pity then Mrs. Sweetman handed out an old purse with ten cents in it after receiving which the highwaymen disappeared.

IS CLEVER AT FORGERY

WASHINGTON, April 13.—A sample of Filipino cleverness and imitiveness has been unearthed at the War Department in the course of an examination of some old claims by the church authorities for property alleged to have been commoned by American troops in the early days of the insurrection. The church authorities in this particular case alleged that some of their valuable herds of cattle had been taken by American troops while this claim was met by the charge that the insurgents had seized the cattle.

In support of the latter statement was what appeared to be a pass issued in due form by General Stanley, the commander of the revolution in February 1901 to Balanzard Ramon and twenty fellows who alleged that they were simple herd boys but who were charged with having stolen the cattle from the church. The curious feature was that this pass was a very fine executed by pen and ink, the body of the document was supposed to be clean English printed sheet. The imitation was so clever as to almost defy detection and this would have been the case if not for a curious idiomatic blunder made by the forger whose mission was set out on the pass as for the purpose of to buy bluffs horses and carabos.

SHEEPMEN APPEAL TO PRESIDENT FOR AID

WASHINGTON, April 13.—Senator Fulton of Oregon talked with the President today regarding differences which have arisen between sheepmen and Indians of the Umatilla reservation.

The Indians who have the law and the Indian police on their side demand a fee of \$1 a head on sheep driven across the reservation. As these sheep numbering about 200,000 head are worth only \$100 each the owners are compelled to travel a circuitous route from the winter rendezvous to the summer ranges avoiding the reservation.

The President will examine the subject further.

STARVATION IS FACING THEM

HUNGER IS NEW PLAGUE FOR NAPLES.

NAPLES, April 13 7:50 a. m.—All the news received here this morning is encouraging. For the first time since Tuesday the sun is shining all over Naples and although above the city the usual gray cloud is discernible the fall of ashes has almost entirely ceased.

Ashes however continued to fall throughout the night adding several inches to the accumulation in the streets. Nearly 6000 people are employed in clearing the roofs and main thoroughfares.

Gangs of men are engaged in piling the ashes in the middle of the narrow streets which makes the passage of vehicles exceedingly difficult and adds to the discomfort of pedestrians.

SUN WORSHIPERS

The Neapolitans have become to a certain degree sun worshipers. One day they are plunged in the depths of despair because the sun is obscured by falling ashes and the next day their spirits are buoyant for the sun shines and no ashes are sprinkling over Naples.

Today the inhabitants of Naples are particularly happy for not only is the sun shining brightly but the air is clear of ashes and invigorating with the results that automobile coats and goggles the ash storm costume have been replaced by the usual gay colored apparel people are driving about in open carriages and so much color has returned to the surroundings that the grayness of the buildings palms and other ash covered trees makes a pleasant contrast with the sapphire United sea.

Several men have braved the terror of the wild wastes of lava about the royal observatory on Mount Vesuvius. One of them returned here this morning and gave an account of a most interesting conversation which he had with Professor Mattucci, director of the observatory who was in a very hopeful mood when his visitor left him. The professor said:

CANNOT PREDICT

Very little is known of the volcanic forces so one can never safely predict what is going to happen. But I think I can with some confidence express the hope based on my experience here that the explosive period of the eruption has passed. It is impossible to make a positive statement to this effect but the probabilities point to a quieting down of the volcano.

This however does not mean that its activity will entirely cease. Unless the crater definitely assumes its new shape that is to say when the ridges have been smoothed down there is a possibility of further disturbances.

For the present the light wind blowing will in all probability carry the ashes in a direction which will

(Continued on Page 2)

BOLD THIEF CAPTURED AT POINT OF SHOTGUN

Good Work of Sheriff Barnett

A. S. VOSS.

A truck may be turned once too often and A. S. Voss a carpenter by occupation now incarcerated in the county jail has found this out to his cost. For a year past he has eluded the vigilance of the Southern Pacific officials and looted the cars at the Fruitvale station until the railway in desperation turned the matter over to Sheriff Frank Barnett and told him no matter what the expense they wanted him to catch the thief.

That was several months ago and last night Voss was captured after he had broken open the lock on the car and was about to drive a small wagon up to the car and take away a valuable package of cut glassware. Sheriff Barnett is deserving of great credit for the capture.

The arrest was effected about 8 o'clock last night but it was not until 3 o'clock this morning that Sheriff Barnett finally arrived at the county jail having gone immediately to Voss' house out on Laurel avenue in East Fruitvale where Voss confessed and showed the officers a quantity of the loot he had taken. There were suitcases a sewing machine a cart stolen from A. C. Fay a brother-in-law to Supervisor Talcott and many other articles of less value. The thefts extend over a period of more than a year.

The credit of the capture is due to Sheriff Barnett and his brother Edward Barnett who with a repeating shotgun made Voss throw up his hands and turn his face to the car in which he could place the handcuffs on him.

Voss had a heavy long-barreled pistol in his inner pocket and made an effort to grab it but a shot fired over his head emphasized the orders of Barnett and finally captured the culprit. Voss' life threatens his hands high above his head and allowed himself to be manacled.

He was then led by Barnett up to High street to the roadhouse of Charlie Harrison where the sheriff was telephoned to and without any great delay Sheriff Barnett accompanied by Constable Tom Carroll arrested and the three began an investigation which lasted into the small hours of the morning.

ED BARNETT.

CRIMINAL'S STORY

The prisoner is a man about 36 years of age and has a wife and owns a little home out in Fruitvale and is a cripple. His left leg is so lame that he has to drag his foot and says that owing to his injury it made it difficult for him to get steady employment. He is very much overcome by his capture and says that he does not know why he yielded to the temptation to steal as he had never attempted to dispose of any of the things he stole and a great deal of the plunder found at his home bears out his statement.

I thought possibly that some day if I got in bad that they would get me something to eat said Voss this morning in conversation with a TRIBUNE man. This has ruined me for life and run of the things with the exception of the sewing machine has done me any good. I could not use them for fear that he things might be recognized. I don't know what my wife will do.

Were you ever in trouble before? was asked of him. It which he replied that he was not. How then did you come to conceive of the idea of robbing cars? They were a considerable distance from my home.

IT WAS SO EASY

I was at the Fruitvale station one evening with my wagon and there was some loose hay in one of the cars that had been used for packing and I backed my wagon up against the car and scraped it into my wagon and took it away. A car was standing there open with some things and I saw how easy

FRANK E. GRAY MEETS DEATH BENEATH WHEELS OF S. P. LOCOMOTIVE

VALET TO JOCKEY LOAGUE FATALLY INJURED WHILE WALKING TO THE RACE TRACK.

Frank E. Gray, valet to Jockey Loague out at the Emeryville racetrack, was struck by a Berkeley train about 9 o'clock this morning and received such injuries that he died just as he reached the Receiving Hospital. He was a man about forty years of age, and was walking up the track near the race grounds, and evidently did not hear the train coming.

He was too late to jump when the whistle sounded almost behind him, and was struck by the engine with terrific force and thrown some distance from the tracks. The deceased was a resident of Pleasanton.

The injured man was picked up by J. H. Peacemaker, Mike Burns and C. A. Swartz and hurried to the Receiving Hospital as fast as they could drive in a private rig but Gray was too badly injured to survive, and breathed his last just as the men finished their long drive.

Examination showed that Gray's skull was crushed, his right leg broken, and besides being terribly bruised was suffering internal injuries. The morgue was notified and his body was taken in charge by Coroner Mehrmann, who will hold an inquest on the remains. The name of the engineer on the train has not been ascertained, but it is probable that as soon as it is that he will be placed under arrest.

CHILD'S NARROW ESCAPE FROM HORRIBLE DEATH

ALAMFIDA, April 13.—Ethel Spersheer, a three-year-old child had a narrow escape from death this morning when a south side train stopped within two feet of the child saving her from almost certain death. The little one toddled across the tracks when the 1 o'clock train bore down upon her. Engineer James Quinn was at the throttle and realizing the danger of the child did not blow the whistle for fear of confusing the child with the noise. He threw on the emergency brake and stopped the train within two feet of the child. The brush of the engine as it passed tore the clothing of the child. The little one was not injured.

It would be to take the things and went back there one evening and the first thing I got was the pair of pants. That was all there was left in the car. The cars were locked but it did not take much to pry off the lock and then all you had to do was to slide open the door and get what there was inside. I used to drive my wagon there about dusk or a little later. Last night it was about 8 o'clock.

DEPUTY'S STORY

Ed Barnett in talking about the capture said I have been going out to the Fruitvale station about dark every night for about three weeks. Last night I went out as usual and as soon as I got there went into the storeroom to which I had a key and got my pump gun so as to have it around handy. I was sitting on a bench at the station when I saw a man drive up in a little wagon and tie his horse. I did not think much about it at first and supposed that he had come down to meet someone that was going to come in on the train. I spoke to him for a minute and then thought well I would like to watch this fellow a little so said to him Well I guess I will have to try and catch a car into Oakland and walked around the station but instead of going up the street went into the station and walked

HEARD AT WORK

In a few minutes I saw him look around and then move over toward the cars and then I knew I had the man I was watching for. I could hear him working at the car but he did not come out until I tied it on back of his wagon and took it home. He said that he had never used it. Sheriff Barnett announced that the things covered will be returned to the proper owners if they can be found.

BOYS SENT TO PRISON

RIVERSIDE, April 13.—Two very youthful prisoners received long sentences in prison when Will Cunningham, aged 15, was given eight years in San Quentin and James Kelly of the same age received a sentence of ten years in the same place here today. The boys were convicted of having assaulted William Herzkofer a peddler of Los Angeles at Indio several months ago. The boys beat the old man in a most brutal manner with the motive of robbery, and then left him for dead.

STARVING TO DEATH

KHAROFF, Russia, April 13.—The famine among the peasants in Ruzan Kazan Simbirsk and Tula provinces has assumed an acute phase. The grain has all gone and among the peasants who are absolutely without bread hunger typhus has appeared. The mortality is especially large among the children. Several famine committees are issuing appeals for funds to rescue the starving. In these appeals they state that so many will preserve the life of a child for a week, and 90 cents that of an adult.

ROOSEVELT SAYS: NO!

CHICAGO, April 13.—A dispatch to the Tribune from San Antonio, Texas, says President Roosevelt will not hunt any more while he is President according to Colonel C. W. Lyons Republican National Committee man from Texas. Colonel Lyons had made arrangements for another wolf hunt in Southern Oklahoma this spring but has received a letter from the President saying they make too much sport of his going hunting.

THREE ARE WOUNDED

NEW YORK, April 13.—Edward Scanlon was shot and Patrick Donovan and Mrs. Herman Miller were wounded by H. Miller in the apartments of Miller in East Thirtieth street today. Miller asserts that the shooting was done to protect his wife who he alleges was seized by the throat by the men when she answered their knock at the door. Miller was arrested on the charge of homicide. Miller up to six months ago was a sharp shooter in the United States army serving in the Philippine Islands. The wounds of Donovan and Mrs. Miller are not regarded as dangerous.

FINE IS \$575,749

SAVANNAH, Ga., April 13.—Judge Spear in the United States Court today sentenced Green and Gayner each to a term of four years in the penitentiary and to a fine of \$575,749, the amount each is charged with having fraudulently obtained from the United States government.

KILLED IN A TUNNEL

SAN JOSE, April 13.—The body of Thomas Hamblin an inspector of the Southern Pacific road, who was killed in a tunnel near San Luis Obispo yesterday will arrive in this city where he had lived for twenty-three years, this afternoon. He was a mail carrier here for seven years. He leaves a widow and son in Oakland. He was a member of the Masonic fraternity of a local lodge of Native Sons. He was born in Plumas county and was 61 years of age.

MURDERER IS HANGED

SACRAMENTO, April 13.—W. M. Gray, a negro who murdered Wong Fong, a Chinaman in this city last fall by crushing his skull with a piece of gas pipe, was hanged at 10 o'clock this morning in the State Prison at Folsom. Gray was pronounced dead eleven minutes after the drop fell. He mourned the gallows with courage and had no remarks to make before the trap was sprung.

STARVATION IS THREATENED

(Continued From Page 1.)

leave Naples free from further annoyance of this nature, and as it is the ill-wind is blowing good to other places, for ashes are the best fertilizer it is possible to use. It is merely a question just now of having too much of a good thing."

AT RISK OF LIFE.

Professor Mattucci today climbed up Vesuvius to a point a long way above the observatory at the imminent risk of his life and ascertained that unless conditions changed radically there will be no further discharge of lava at present.

He added that it was impossible to determine the quantity of sand in the crater, but as the cone had diminished considerably in height and the showers of cinders thrown out had been transformed into ashes, he believed the end of the disturbance was near.

Professor Mattucci is not the only person who regards the situation as having improved. King Victor Emmanuel and Queen Helena expect to return to Rome today, and Premier Sonnino and Finance Minister Salandra, who have been supervising the relief measures, left Naples for the capital this morning.

Nearly 5000 refugees are already housed here and the number is rapidly increasing. In fact, all the buildings available for the accommodation of the fugitives are crowded, and if many more people seek shelter here it will be necessary to place them in army tents.

The municipal and military authorities have already taken steps to accommodate a large number of people in this manner.

The crowding of refugees into Naples has resulted in the almost complete stoppage of the supply of food usually forwarded to the Vesuvian district and consequently the prices of food have risen enormously and the lack of meat and bread especially is seriously felt in those districts.

The reputation of the Neapolitans for laziness is in striking contrast with the feverish activity displayed everywhere here today. The hours, even the minutes, seem too short for what must be done. The people rush here and there, horses gallop about, and even the dogs and cats seem to be infected with the general spirit of "hustle."

A curious phenomena has been

noticed at Cape Pontilupo, a picturesque spot in the northeast part of the bay of Naples. Owing to the great quantity of ashes and cinders which has fallen into the bay the integest, a large shellfish which is common there, have come to the surface, while all the other fish have disappeared.

QUEEN HELENA'S GIFTS.

Queen Helena, before leaving for Rome today, revisited the quarters occupied by the refugees and made large donations to the sufferers. Among her gifts was a quantity of linen of all sorts for which she paid \$10,000.

FORTUNE IS LOST TO WOMAN

(Continued From Page 1.)

In making its final ruling, decided that it had not been shown that such a contract had been made. The bequest of \$5000 Judge Ellsworth's stated might be considered as sufficient money with which to set the woman up in their business of milliners, but he held that it had not been legally proven that Lloyd had made a definite contract with Mrs. Nix to give her equal recognition with his other children.

What action will be taken by her attorneys is a matter that has not yet been decided upon. It was thought several times during the trial of the case that the intimations from the bench were favorable to the contestant in the case. Judge Ellsworth's remarks in regard to the moral duty of Lloyd were taken as being indications that he believed that she was entitled to her claim, but if such was the case he failed to find in the perusal of the testimony in the case the necessary legal evidence to support the contention and decided against her.

ENGAGED TO WED.

Lloyd was engaged to marry the woman who styles herself Mrs. Lloyd and the mother of Mrs. Nix in Bristol, England, in 1882. But while the bans of marriage were proclaimed the actual ceremony was finally dispensed with. They lived together as man and wife for some time but eventually he left her and came to California.

It was not until his daughter was a young woman that the again heard from Lloyd. He was then a man of wealth and while on a visit to England he visited the woman he had wronged and saw his child.

In the years that followed he wrote to them and finally when the first Mrs. Lloyd left him at his home in Berkeley and went to England he wrote

15% Reduction on Opera and Field Glasses during Easter Week

I have placed on sale our fine line of these goods, consisting of the various grades of Lemaire (the genuine), Graziere, Marchand and Premier. These Opera Glasses are of the highest grade, the prices ranging from \$5.00 to \$27.50, all of which come under the 15 per cent reduction price. An opportunity to buy the glasses at such prices is unusual. "The Geneva Superior Binocular" will sell at the usual price of \$15.00, there being no reduction on these popular field glasses.

Other field glasses will be sold on the 15 per cent reduction basis.

The Office Boy and the Offer He Made Yesterday

Well I'll be testotally kicked from here to Oakland and back if that offer of a BASEBALL SUIT and CAP with every purchase of \$5.00 didn't put me into a spasm. Look at me, loaded down with bundles and packages like a mule going to a mine. Gosh, but I'm sick and tired of work and that's all there is to it. I am going to get on the Vacation list. I want a rest and I must have it. Why, say, you can't stop this boss of mine with a Gatling gun. He's a brick and no mistake. If the Society for the Prevention of Cruelty to Children don't get after him, I don't know where I will land. Work! Say it's nothing else to it and from morning until night. All same engine. Think of it, Boys, a BASEBALL SUIT and CAP free with a purchase of \$5.00 or more in our Juvenile Department. Now don't give your folks a minute's peace until they bring you down here and you get one of those suits. Remember this—Free with a purchase of \$5.00 or more. Get busy, get busy.

WILLIS, with C. J. HERSEMAN.

BOUGHT AN AUTO

—A great big auto and wanted a trip to San Jose. He wanted to do the affair up brown so he took the Mayor with him and in case anybody should not know that Oaklanders are up to date, the big red auto and the big people in it were duly "surprised" by some newspaper men with cameras, and the next morning every newspaper reader had it for breakfast.

San Jose seemed dull compared with Oakland. Charlie and Frank missed Osgood's illuminated corner and lost themselves. So anxious were they to get back to the city where things are booming and bright that in an impetuous voice the Man in the Moon commanded "Chauffeur, hike back to Oakland with all speed."

And an hour later the big red auto drew up at Osgood's corner of Twelfth and Washington street.

As they alighted they saw a man pasting signs all over the windows that Osgood's were selling \$12 trunks for \$7 at either of their stores.

WESTERN PACIFIC BUYS LAND

OWNERS PREFER SELLING
RIGHT OF WAY TO DEFENDING SUITS IN COURT.

Through the Standard Realty and Development Company, many purchases of land have recently been made in the neighborhood of Hayward in the interest of the Western Pacific Railway Company, which mean the withdrawal of many of the condemnation suits brought by the Gould company for land and the proposed right of way. Deeds were placed on record yesterday transferring this property to the Western Pacific from the Standard Realty and Development Company. In some cases, also, the purchases were made directly by the Western Pacific. Negotiations are still under way for the acquisition of other strips of land for right-of-way purposes by peaceable methods.

Those who have sold rather than defended condemnation proceedings are: Mrs. M. J. White, S. P. and Mattie J. Harger, Harry W. and William E. Miller, P. Willett, Mrs. J. A. Willett, A. W. Schaefer, Anna Schaefer. In the same way, Mrs. Eva Mattole has sold to the Western Pacific a strip near Pleasanton.

WOULD MAKE ALL WEIGHTS UNIFORM

WASHINGTON, April 13.—For the purpose of obtaining uniformity in weights and measures throughout the country, a convention of State holders is in session at the Bureau of Standards with representatives from many States. The delegates are discussing the feasibility of securing legislation providing for a uniform standard of weights and measures which could be adopted by all the States and Territories. With a view to the fruition of this plan, a permanent organization has been formed.

With the existing conditions of affairs it is said that such a great diversity in the weight and measure laws of the different States that a purchaser rarely gets what he pays for. What is legal in one State is illegal in another.

MANY ROUTINE MATTERS BEFORE CITY COUNCIL**Changes in Thoroughfares Are Made by the Street Committee.**

The Council Committees met last night and transacted what routine business that was before them. There were present Councilman Aitken, Baccus, Burns, Donaldson, Elliot, Hahn, Meese, McAdam and President Fitzgerald.

STREET COMMITTEE.

The Street Committee last night recommended that a deed to the right of way for a sewer in the Ervey Tract be accepted.

The petition for a sewer in East Fourteenth street from Fourth avenue to Third avenue was recommended for passage.

The committee recommended that the petition of the Ransome Construction Company to sever Forty-seventh street between Grove street and Shattuck avenue be granted.

A petition to change the width of sidewalks on Sixty-second street between Baker and San Pablo avenue, was recommended for passage.

The committee recommended that Twenty-ninth street be closed from East Eleventh street to the railroad right of way.

The petition of the Blake, Bilger Co. to grade, curb and macadamize Sixty-fifth street from Stanford avenue to Adelene street was recommended.

A petition from the Ransome Construction Company to curb, gutter and macadamize Forty-sixth street between Shattuck avenue and Grove street was recommended.

It was recommended that John Geary be granted permission to sever in East Seventeenth street at the crossing of Twelfth avenue.

The ordinance fixing the curbs on Fifty-seventh street between San Pablo avenue and Adelene street was recommended.

City Engineer Turner was authorized by the committee to establish grades on Santa Clara avenue.

The committee recommended the resolution of intention of grading, curbing and macadamizing Piedmont avenue from West Moss avenue to the northern boundary line.

The committee recommended the resolution of intention to sever East Nineteenth street from Eighth avenue to a point 210 feet easterly.

It was also recommended that a wooden box culvert be constructed across Lake Shore avenue.

The resolution of intention to grade, curb and macadamize Twenty-second avenue from East Fifteenth street to East Sixteenth street, was recommended.

The application of the Southern Pacific Company for a change of grade on Third street was recommended to be granted. The change was formerly opposed by the Western Pacific, which has now withdrawn its protest.

AUDITING AND FINANCE.
The Auditing and Finance Committee recommended that Police Department No. 1 be renovated at a cost of \$110.

The resolution authorizing the employment of an extra clerk in the office of the superintendent of streets was referred to the Council without recommendation.

DROVE COW.
Mrs. W. C. Price, residing in East Oakland, in a letter stated that the peacemaker had driven a cow from her yard and impounded it. All parties were notified to be present at the next meeting of the committee.

LIQUOR LICENSES.
The following liquor licenses were recommended by the License Committee for passage: M. A. Fitzpatrick, 3801 Telegraph avenue; C. R. Hyde, 509 Eleventh street; J. H. Mello, 752 East Twelfth street; J. H. Klee, 517 San Pablo avenue; John Denaby, corner of Seventh and Wood streets; C. C. Potter, 1233 San Pablo avenue; M. J. O'Garra, 962 Broadway; Gustave Brause, 5533 Telegraph avenue; John Lynch, 1457 Seventh street; Joe Sarna, 951 Franklin street; A. G. Sarrent, 505 East Fourteenth street.

The application of Charles Wieman and William F. Kahn, 6101 Adelene street, was laid over two weeks.

MAISON DE LOPERA.
The question of revoking the license of the proprietor of the Maison de L'Opera restaurant went over two weeks as Harry Puleifer, attorney for the place, could not be present last night.

WHARVES AND WATER FRONT.
It was recommended that the rental of the premises at the Wharves street wharf be fixed at \$30 a month, by the Wharves and Water Front Committee. It was also recommended that the rental of the premises at the foot of Jefferson street be fixed at \$50.

that the grand master workman be paid a salary and sever his whole time to the interests of the order was carried unanimously. The salary will not be less than \$1800.

The Grand Degree of Honor, the Woman's Auxiliary, also elected officers for the coming two years. They are as follows:

Grand past chief of honor, Cordella Albin of Fresno; grand chief of honor, Flora A. Merrill of Oakland; grand lady of honor, Eunice L. Cyrenius of Los Angeles; grand chief of ceremonies, Fanny Grunwell of San Francisco; grand recorder, Lorretta Donnelly of San Francisco; grand receiver, Ella Van Court of Oakland; grand usher, Sadie Spencer of San Francisco; grand inside watchman, Verna Cecil of Fresno; grand outside watchman, Lillie M. Gambel of Bakersfield; representatives to Supreme Lodge to meet in Montreal, Canada—Mrs. Cordella Albin of Fresno, Miss Lorretta Donnelly of San Francisco and Flora Kay of Pasadena. Finance committee—Esther Lovejoy of Alameda, Kathleen Dane and Ida Brooks. Committee on Laws—Flora J. Nay of Pasadena, Hattie Collins of Fresno and Nellie Brown.

The officers were installed by Past Supreme Chief of Honor Esther A. Lovejoy of Alameda.

STURTEVANT RESIGNS AS CENSUS MARSHAL
ALAMEDA, April 12.—George Sturtevant, recently appointed school census marshal, resigned his position last night at a meeting of the Board of Education, giving as his reason ill health. James Hanley Jr. was appointed to the position vacated, and John Heilmann and Edward Browning were appointed deputy marshals.

Heart and Lung Trouble

MR. MARY HORN-LOCKWOOD

Mrs. Mary Horn-Lockwood, who could not lie down on account of coughing and smothering spells is restored to strength and health by Duffy's Pure Malt Whiskey. "After doctors and medicine failed to help me, Duffy's Pure Malt Whiskey saved my life, and I never felt stronger or better than I do today." The grateful lady writes:

"It gives me pleasure to have you use my photograph and testimonial in behalf of Duffy's Pure Malt Whiskey, which saved my life when two of the best doctors had given me up to die, and declared that no medicine could help me. I was taking Duffy's at the time, and kept right on, as I had great faith in its wonderful curative powers. I had lung trouble and a weak heart, and for six months was unable to lie down at night on account of coughing and smothering spells. I was reduced to ninety pounds, and was going into consumption. The impression of both my friends and the doctors being that I could not live. Despite their opinion, I gave up medicine, and after taking four bottles of Duffy's my condition was greatly improved. This was in the Fall, and I continued the use of your grand medicine all winter, the result being that by Spring I weighed 125 pounds, and after taking twenty bottles my health was fully restored and I never felt stronger or better in my life. I advised a number of friends who had throat and lung trouble to take Duffy's, and it never failed to cure them."—MRS. MARY HORN-LOCKWOOD, 68 River avenue, Indianapolis.

Duffy's Pure Malt Whiskey

is an absolutely pure, gentle and invigorating stimulant and tonic, builds up the nerve tissues, tones up the heart, gives power to the brain, strength and elasticity to the muscles and richness to the blood. It brings into action all the vital forces. It makes digest food in perfect and enables you to get from the food you eat the nourishment it contains. It is invaluable for overwork, and delicate women and sickly children. It strengthens the system, is a promoter of good health and longevity. Makes the old young and keeps the young strong. Duffy's Pure Malt Whiskey contains no fusel oil and is the only whiskey that has been recognized as a medicine. This is a guarantee. It is sold by all druggists and grocers, or direct, in sealed bottles only never in bulk. Price \$1. Inset on the genuine, and see that the "Old Whiskey" trade-mark is on the label. Beware of red-labeled bottles and spurious malt whiskey substitutes offered for sale by unreliable dealers. They are positively harmful and will not cure. Medical booklet and doctors' advice free. Duffy's Pure Malt Whiskey Co., Rochester, N. Y.

THOUSANDS STRIKE TO UPHOLD UNION

ST. LOUIS, April 13.—Joseph Kelley and Bert Childs, officers of the Bricklayers' and Stonemasons' Industrial Union, drove around St. Louis calling off bricklayers from every job on which stone masons employed were not affiliated with their organization. During the forenoon it was said work was stopped on 160 buildings and 2000 men quit work.

MINERS DROP PICKS AND 1200 ARE IDLE

PITTSBURGH, April 13.—Twelve hundred miners employed by the Great Lakes Coal Company at Keyton, Pa., quit work today. The refusal of the company to agree to certain concessions asked for by the mine workers and included in the 1903 scale was the cause of the strike.

Do you know how to cook tea and coffee—Schilling's Best.

NEVILLS SELLS
FRESNO HOLDINGS

FRESNO, April 13.—Captain W. A.

Nevills, the San Francisco capitalist, and one of the owners of the Rawhide mine in Calaveras county, is selling out all of his extensive interests, vineyards

and ranch land, about Fresno. This morning the sale of the Parage vineyard, adjoining Kearney Park, was closed for about \$50,000, to local capitalists. The place consists of eighty acres, with a handsome home, whose furnishings alone cost over \$10,000. Included in the deal is a private power line, the building of which led to a bitter clash between Nevills and M. Theo Kearney some years ago.

Captain Nevills expects to record the sale of the famous La Favorita vineyard next, with its packing plant and handsome grounds and houses. There are 220 acres in it and it is considered one of the finest ranches in the State devoted to grape culture. A is values at \$150,000.

The reason assigned for Nevills' desire to close out his interests is that his health is precarious and he is converting his property into cash.

NEW YORKERS ARE NOT RELIGIOUS

NEW YORK, April 13.—For the first time in many years, Good Friday was not observed as a holiday in New York today. All the city departments were in operation and the Stock Exchange was open for business as usual. In both of these instances money was responsible for the change in the city's tradition. The city's corporation counsel having decided that department heads had no power to allow per diem men pay for time not actually occupied in the city's service, the laborers requested that the usual holiday be omitted. Their request was granted. The governing board of the Stock Exchange decided not to suspend operations for the day because of the unsettled condition of the money market.

U. S. ABANDONS MILITARY RESERVE

WASHINGTON, April 13.—The President has, by executive order, placed under control of the Interior Department, for disposition as provided by law, the military reservation of Grass Island, unsurveyed, in section 18, township 16 north, range 11 west, Willamette meridian, in Gray's Harbor, Wash., formerly reserved by executive order, it appearing that the island will not be further needed for defensive purposes. The order of the President has been published in the general orders of the day.

COMMITTEE REPORTS.

WASHINGTON, April 13.—The House Committee on Ways and Means today authorized favorable reports on bills extending the privilege of transportation of dutiable merchandise without appraisement to the ports of Buffalo and Oswego, N. Y., and Spokane, Wash.

SHIP'S CREW WORKS MOBSONE MAN WILL BE BUILT TWO RAZORS USED BY SUICIDE

SAILOR KNOCKED DOWN FOR RE- SIGNING.

SAN FRANCISCO, April 13.—G. Val-
lance, a Porto Rican, who had signed to
ship on board the vessel Tacoma as one
of the crew, and who had accepted ad-
vance money, went down to the ship this
morning, whereupon he found that one-
half of the crew were intoxicated, and re-
signed.

He gave back the advance money, but
the drunken sailors objected and one of
them knocked him down. About twenty
members of the crew became mixed up
in the fight but were quickly restored.

From the same ship last night a Chin-
man, who had not yet been admitted to
this country, escaped while the watch-
man, it is said, was under the influence
of liquor. There is a heavy penalty for
permitting the escape of such persons
from a vessel.

PROTECT THE CATTLE

DOCTOR ARCHIBALD HAS PLANS
TO PROTECT
MILK.

Dr. R. A. Archibald, the city veteri-
narian and milk inspector, has, in con-
junction with Dr. Emil Weschke, under-
taken a series of experiments, which
have for their purpose the eradication of
tuberculosis in cattle. According to the
best obtainable statistics the cattle of
California and other States are afflicted
to the extent of at least one-third with
bovine consumption. This renders the
milk consumed by human beings tatter-
ed to the same extent. The situation is
so grave that State legislation seems
necessary, to stamp out the plague among
cattle and render the milk served to the
communities pure.

For the last decade Dr. Emil von Beh-
ring of Germany has been experimenting
with an anti-tubercular vaccine which
has produced wonderful results in Ger-
many. Cattle after being inoculated with
the vaccine have been found immune not
only to infection by contact with other
cattle, but have been proof against in-
oculation itself.

Yesterday Dr. Archibald, accompanied
by Dr. Weschke, visited the Meek dairy
near Hayward and inoculated several
cows having tubercular symptoms with
the vaccine. This is to be the first of a
series of experiments which will be un-
dertaken by the local board of health in
an effort to stamp out consumption in
cattle. The experiment was made under
the direction of Dr. Weschke, who is the
personal representative of Dr. von Beh-
ring. It will take at least a year to
demonstrate the efficiency of the treat-
ment. Dr. Archibald is hopeful of re-
sults. He says:

"I have an agreement with Dr. Wes-
chke to the effect that he will supply the
vaccine which will cost, in event that I
disprove the tubercular cattle, I believe
that the results will far exceed our
expectations. In Germany the vaccine-
ation has proven a complete success.
The condition in California was rapidly
becoming alarming. At least one-third
of the cattle in the State will answer to
the tubercular test. The proportion was
on the increase. Instead of the disease
of the present experiment is a success,
the solution of one of the gravest
problems confronting the physicians
of this State will have been solved. We
inoculated several cattle yesterday and
before anything definite is announced we
must patiently await results. The cattle
inoculated will be kept under a strict
surveillance. In a year we may hope to
announce the results of our tests. We
made them in the case of the cows
apparently conclusive. Young calves were
inoculated with the vaccine and were
turned loose with other cattle. In a year
those which were not inoculated and those
which were inoculated will be tested by
injecting the tubercular virus were ex-
amined. Those which were treated with
the vaccine then or of the disease, while
those that were not inoculated fell victim
to the disease. This, in my mind,
demonstrated the effectiveness of the
vaccine. If cattle will not take the
disease from inoculation it is pretty cer-
tain that they will not take it from infection.
I think that the present experiment will
result in the solution of the problem and
will eventually rid California of its tu-
bercular cattle."

THEY MUST GO TO MEET SOVEREIGN

ST. PETERSBURG, April 13.—Em-
peror Nicholas will not come to St.
Petersburg to open parliament, ac-
cording to the Novos Vremya. The
representatives will be summoned
either to Tsarskoe-Selo or to the Pe-
tershof Palace. There they will be pre-
sented to the Emperor and will listen
to a speech from the throne, after
which they will return to St. Peters-
burg and elect a president of the lower
house. This decision was arrived
at not only to protect the dignity of
the sovereign, but also because no
place has been provided for the Em-
peror in the Tauride Palace, where the
lower house will meet.

FIRE AT NAPA.

NAPA, April 13.—A fire early this
morning destroyed the Napa Valley
foundry and C. C. Staton's heavy stable
on East First street. The Union Hotel,
on the west of the foundry, caught fire
and was saved from destruction by
the energetic work of the firemen. The
Roma Hotel was also in danger for some
time. The total loss is \$5000. There
was \$2000 insurance on the foundry.

HARRINGTON TRIAL IS POSTPONED

SAN FRANCISCO, April 13.—The trial
of H. J. Harrington, the former Oakland
police employee accused of embezzle-
ment, came up this morning, but was
postponed until May 15 by stipulation.

EAST FRUITVALE TO HAVE NEW INDUSTRY.

A lease from the Bruggere Company
to the Pacific States Refineries of a large
tract of land extending from the tidal
canal in Fruitvale, was filed for record
this afternoon.

The lease is for fifteen years and the
Pacific States Refineries Company says
that it has submitted a part of the pre-
mises to the National Drydock Com-
pany, the Poughkeepsie and the Oakland
Refineries Company.

The filing of the lease would indi-
cate from the term of years and the
amount of the territory, that an impor-
tant industry is soon to be established
in East Fruitvale.

EXPERT CALLED HOME

WILL MAIL HIS REPORT TO THE
MAYOR FROM THE
EAST.

Charles Mulford Robinson, the civic
expert, who for the last week has been
preparing plans for the beautification
of Oakland, has been called East by the
sudden illness of his father, Arthur
Robinson, in Rochester, New York.
The telegram received by Mr. Rob-
inson states that the illness of his father
is very grave, so much so that he must
drop his work here and leave for the
East immediately.

Despite the news received by Mr.
Robinson, he did not lose sight of the
city's interests, and today had a con-
ference with Mayor Mott relative to
the plans that he has formulated. Mr.
Robinson has each day been either ac-
companied by Superintendent of Streets
Ott or Mayor Mott, and has a very
good idea of the outlines of the city,
and from the copious notes he has
taken, is confident that he can sub-
mit a plan of beautification which will
meet with the approval of the city
authorities. Mr. Robinson said this
morning:

"I received the distressing news of
my father's illness this morning, and
must hasten to his side. I had com-
pleted my preliminary survey of the
city and have all the notes that I took.
It will take me a week or ten days to
prepare these notes in the form of a
report. I will do this, but owing to
the illness of my father, I will have to
mail the report to Mayor Mott instead
of presenting it to him personally. I
had completed my observations and
the forced interruption of my absence
will not militate against Oakland. The
mailed report will be as comprehensive
as though it was written and sub-
mitted on the ground."

PROFESSOR'S SON FINED FOR SPEEDING

Oscar E. Putzer, son of Professor
Putzer of the University of California,
was this morning fined \$5 by Police Judge
Samuels on a charge of speeding his au-
tomobile at an excessive rate. He ran
into a wagon at the corner of Fourteenth
street and Broadway. He was arrested
on the day before last, while driving
with a light in one of his lamps.

In passing sentence Judge Samuels re-
marked that the young man might expect
the limit the next time he appeared on
the same charge.

Dr. F. Derrick, accused of running
his automobile without a light, explained
that the machine in jolting over the ruts
knocked one of the lights out. Judgment
was suspended in his case.

MONTH FOR STEALING.

George Johnson, accused of stealing
brass fittings in the Southern Pacific
yard, was this morning sentenced to
thirty days in prison by Police Judge
Samuels.

FRESNO'S POPULATION IS THIRTY THOUSAND

FRESNO, April 13.—The new directory
of Fresno gives Fresno a population of
30,000, as against the estimated figure of
22,000 of a year ago made public by the
postoffice department and the railway.
The publishers say that the estimate is
based upon registration averages and is
conservative, no count being taken of
either Chinamen or Japanese in the past.
The Chamber of Commerce and the
local postal authorities believe the
estimate is reliable as there has been a
remarkable growth in the past year. The
directory also gives information that the
population of the county will probably
exceed 75,000.

DOWIE NOT FOR THE MORMONS

CHICAGO, April 13.—One of the
charges that has been brought against
Dowie—that to the effect that he had
agreed secretly with a commission of
Mormon missionaries to turn over to the
Mormon Church and all its vast
holdings—was emphatically denied by
Dowie today. The only possible basis for
this story, it was explained, was that
some months ago a coe of Mormon
missionaries appeared in Zion City and
distributed pamphlets expounding the
doctrines of the Mormons. According
to the statement of Dr. Dowie and his
counselors, these men were immediately
thrown out of the city.

At a meeting of the board of directors
of the Pierce Hardware Company last
evening George H. Isman was deposed as
manager of the big concern, and it is said
that A. I. Smille will be the new man at
the head of affairs of this company in the
future.

DEATH COMES AT CLOSE OF LONG DEBAUCH.

SAN FRANCISCO, April 13.—Falling
to end his life with a dull razor with
which he made many gashes in his throat,
William Loifran, a longshoreman living
at 1344 Fresno street, walked from his
kitchen to sleeping room with blood
gushing from his very wounds and there,
standing before a mirror, finished his
grievous task with a blade of keen edge.

Loifran had been drinking heavily for
some weeks and was unable to sleep. He
told Mrs. Annie Cripe, his landlady, that
he was going to commit suicide and
when he told her the woman noticed that
he held a razor in his hand. He was
standing in the doorway leading to the
kitchen at the time, and the frightened
woman rushed by him to give the alarm.
Her cries awakened E. P. Berthol, a
lodger in the house who in turn called
Policeman J. J. King, and policeman
lodger and landlady hastened to Loif-
ran's sleeping apartment.

They found the dead man lying upon
the bed. He had managed to stagger to
the bed after he had slashed his throat
from ear to ear as he stood before the
mirror, and the crimson trail leading
from the kitchen to the bedroom told
the story of his futile attempt to end his
life with a dull razor.

Shortly before 6 o'clock this morning
Coroner Walsh was notified of the suicide
and a deputy was detailed to remove the
body of the dead man to the city morgue,
where an inquest will be held.

Loifran was a native of Norway,
thirty-five years of age.

WATER RIGHTS INVOLVED

FRESNO, April 13.—Over 100 miles
of riparian rights along the fertile delta
of the Kings river, with the water ad-
vantages of over \$1,000,000 worth of
land, are involved in the proceedings
initiated by the Lake Land Company
against the Lake Land Canal and Irriga-
tion Company for an injunction to pre-
vent the diversion of the waters of
Kings river through a cut in the south
bank, three miles south of Kingsburg.
The riparian interests are English cor-
porations and the struggle promises to
establish some very fine and important
points in the irrigation law in Califor-
nia. The lake land interests own
large tracts of low lands in Kings
county, and to irrigate them, about
two years ago, made a canal leading
from the river south, through which
large quantities of flood waters are
carried off. The Laguna Land Lim-
ited and the John Henlein interests,
the former owning the immense La-
guna de Tache grant of 68,000 acres, at
once began suit. They claimed that
the new canal prevented the flooding
of the Laguna lands, and thus depriv-
ed it of vast quantities of fertilizing sed-
iment, and set up the theory of owner-
ship in a river's overflow waters. The
Lake Land Company answered the
complaint and then the matter drag-
ged. When the Union Water & Ditch
Company claimed to be one of the parties
defendant to the suit, filed another
answer. This "overflow" theory of the
plaintiffs was denied and the acts by
which the Union company had ac-
quired water rights were set forth.

The time is now approaching when
the melting of snow on the mountains
will make the rise of freshet water in
the Kings river of great importance to
the parties in this suit.

A big section of the south portion of
Fresno county and the north half of
Kings county will be affected in the
outcome.

COLLEGE MAN TO WED HELLO GIRL

BERKELEY, April 12.—A dainty ro-
mance is revealed by an announcement
made this morning by Charles D.
Marks, of his engagement to wed a
telephone girl of Berkeley, Miss Mary
McNamara. Marks is a Berkeley
correspondent for a San Francisco
newspaper. He is a member of the
University class of 1906, of which he is
a most prominent student and an as-
sisted writer and poet. He is the son
of Judge Marks of Bakersfield. He
met Miss McNamara a few weeks ago,
when he was searching for her picture
for use in connection with a story
about the telephone girl's herculean
feat in the case of the big fire in the tele-
phone building. It was love at first
sight, and the pair have been insepar-
able ever since.

The McNamaras are prominent peo-
ple in Berkeley, residing at 1421
Dwight way. The marriage will take
place next Sunday morning at the
Catholic Church of Berkeley.

Marks took out the marriage license
yesterday. In some respects the affair
is regarded as a triumph of love over
experience, as Marks reported to
Charles Parker, of the local police de-
partment, claiming that he had been
buncoed out of \$5 which he had loaned
to a telephone girl, who then disap-
peared, neglecting to remit the coin.

BRAKEMAN KILLED IN TRAIN COLLISION

CHEYENNE, Wyo., April 12.—In a
collision last night at Hanna, Wyo., a
freight train on the Union Pacific met
with a wrecking car, delaying traffic
about three hours. J. M. Murphy, a
brakeman, was riding on the engine
and was caught in the jam and in-
stantly killed.

Engineer Palmquist, fireman Cun-
ningham and J. Ryan and Peter Nel-
son, employed on the wrecker were
injured, but not seriously.

FLAMES MENACE WOMEN AND CHILDREN

Fire this afternoon caused a panic
among the children and aged women
inmates of the home at For-
ty-fifth street, east of Telegraph ave-
nue, conducted by the Ladies' Relief
Society of Oakland.

All of the inmates escaped without
injury. They were hurried from the
building by the neighbors and other
people who came to the fire.

The building is located about 100
yards north of the Old Women's Home,
which is a part of the same institution.
The building will be a total loss. The
damage may amount to \$25,000.

RACER A CRIPPLE FOREVER

BERKELEY, April 13.—Sidney
Schwartz, a champion sprinter at the
University, strained the muscles of his
right leg this morning while on the
cinder path, and the physicians say he
will never be able to run again.

Schwartz came from the Lowell
High School in San Francisco, where
he was regarded as the champion run-
ner of the school. He was expected to
take a prominent part in the intercol-
legiate track meet with Stanford on
April 25th, but will not be able to partici-
pate and none again will wear the
colors of the blue and gold, his inju-
ries being regarded as very serious.

MEREST LADS IN ROBBERY

BOYS AGED 11 AND 12 YEARS AC-
CUSED OF STEALING \$30
IN GOLD.

BERKELEY, April 13.—Two boy bur-
glars were arrested by the police today
for stealing \$30 in gold from George
Deward, who resides at 840 Delaware
street. The boys are Maxwell and Dou-
glas Hossey, brothers, aged eleven and
twelve years respectively.

They spent the money in taking in all
the 10-cent shows in Oakland and Berke-
ley and bought large quantities of
candy, inviting all the boys in the neigh-
borhood to a party. The boys were
arrested this afternoon, but on account of
their extreme youth will probably be re-
leased with a reprimand.

TELLS OF INJURIES RECEIVED FROM SHOCK

George Dow, the claimant to \$20,-
000 damages for injuries sustained
while attempting to fix trouble in the
telephone wires at Fortieth street
and San Pablo avenue in an action
brought against the Sunset Telephone
Company, took the stand in his own
behalf today and told of the injuries
he received. He said that he climbed
up the pole and took hold of what he
thought was a harmless telephone
wire and that he knew no more until
he awoke at the Receiving Hospital
the next day.

He said that his left foot
was badly burned on the bot-
tom and that the burns were
so close to the nerves that
the wounds had never prop-
erly healed and caused him
such pain that he could not walk
properly. He also showed his hand,
which was also badly scorched.

Steward Harry Borchert testified
that Dow was brought into the hospi-
tal on the afternoon of one day and
remained in an unconscious condition
until the next morning.

Attorneys Stanley Moore and Harry
Pulver are fighting the case for Dow
and claim that there was negligence
on the part of the company in string-
ing his wires so close to heavily
charged electric light wires from
which it is alleged the voltage came
which caused Dow's injuries.

JOHN E. MATHEWS SELLS HIS INTEREST

John E. Mathews of San Jose has
assigned his interest in the estate of the
late Anne Mathews, to C. I. Walenstul
of that city. The Mathews estate is one
of the largest estates in Alameda county,
and the assignment of Mathews's interest
in it, comes as a surprise to many of the
people who knew him.

"This is an impertinent absurdity,"
exclaimed the high financier who is un-
usually killed.

"What has happened?"

"Someone has sent me circulars about
a system for cultivating the memory,"

CALL VICTIM OUT TO BE ROBBED

WELL KNOWN RAC- ING MAN IS BEATEN.

SAN FRANCISCO, April 13.—Charles
Carson, well known among racing
men, was called to the door of his
room in the Ashworth Hotel early this
morning by two well dressed men. He
noticed a third man standing in the
hall. In an instant the two men who
had knocked entered the room, placed
black masks over their faces and pro-
ducing revolvers, commanded Carson
to hold up his hands.

He tried to call for help but was
grasped by the throat and severely
beaten on the head. He fell to the
floor and was quickly robbed of \$400
in cash, a watch worth \$50 and some
jewelry. The robbers made their es-
cape before Carson fully recovered
consciousness.

A PINEAPPLE HINT.

The toughness of pineapples is almost
entirely unknown to the fruit
up and down from stem to blossom end,
instead of through the core, as is usually
done.

Thrust a fork into the blossom end to
hold the pineapple steady, and slice until
you come to the hard pithy core, which
is not to be discarded. The trick was
taught me by an old pineapple grower
and makes all the difference in the world
in the tenderness of the fruit, which is
usually hard and chippy, when sliced
with, instead of against, the grain.—Na-
tional Magazine.

DIED

SVANSON.—April 11, 1906, John Swan-
son, brother of Mrs. Delphine Hodge
William, Joseph, Alexander, Fred and
the late Charles Swanson, a native of
Marion, Cal., aged 45 years 5 months
11 days.

Friends and acquaintances are re-
spectfully invited to attend the funeral
tomorrow (Saturday) April 14, at
10 o'clock p. m. from the chapel of the
Home Undertaking Co., corner 22d and
Fifth streets. Take 14th street car
Interment Evergreen Cemetery.

VINCENT.—In this city, April 12, 1906,
John Hale Vincent, beloved husband of
Fannie Vincent, a native of New
York, aged 70 years 2 months 11 days.
Buried in East Oakland, April 13, 1906.
Rev. Allen J. Buell, a native of New
York, aged 71 years 3 months 3 days.
OBRINE.—In this city, April 12, 1906,
Mrs. Mary O'Brien, beloved mother of
John J. and Rose O'Brien, a native of
County Monaghan, Ireland, aged 58
years.

Notice of funeral hereafter.

pointment in California; fine opportu-
nity. Address or call and see sample
10034 Broadway, Oakland. Rooms 26
and 27.

GREETING GIVEN TO THEM

VETERANS OF WAR PRAISED BY PRESIDENT.

WASHINGTON, April 13.—The Ger-
man-American Veterans were pre-
sented to the President today.

In response to the introduction of
Ambassador Sternberg, President
Roosevelt said:

"I welcome you here, my fellow
Americans, for among the many strains
that go to make up our composite race
stock in this country, no strain has
given us better Americans than those
who are of German birth or blood. It
is our peculiar pride as a nation that
in this republic we have measurably
realized the ideal under which good
citizens know no discrimination as
between creed and creed, orthodoxy
and birthplace provided only that
whatever the man's parentage may
have been, whatever the way he wor-
ships his Creator, he strives in good
faith to do his duty by himself and by
his fellow men, and to show his un-
flinching loyalty to our common coun-
try. In addition to this greeting my
fellow Americans of German birth,
I wish also to greet the American citi-
zens present, the members of the Ger-
man army, belonging to the reserve
of that army, and to welcome them
here, and especially Mr. Ambassador,
as our countrymen. I trust that you, your
self an old soldier who has endeared
yourself to the American people by
your hearty friendship for this coun-
try."

NATIVE LAND.

"The reverence a man preserves for
his native land, so far from standing in
the way of his loving and doing his
duty by the land of his adoption, should
help him toward this and the per-
formance of his full duty. If a man is
a good son he is apt to make a good
husband, and the quality that makes a
man reverence the country of his
birth is apt to be the quality that
makes him a good citizen in the
country of his adoption.

"The ties which unite Germany and
the United States are many and close,
and it must be a prime object of our
statesmanship to knit the two nations
ever closer together. In no country is
there a warmer admiration for Ger-
many and for Germany's exalted ruler,
Emperor William, than here in Amer-
ica."

GERMANY AND FRANCE.

"It is not out of place, in closing,
for me to say a word of congratulation
both to the German people and the
German Emperor on the work that has
been accomplished in the Alge-
conference just closed—a conference
held chiefly because of the initiative
of Germany. It was not a conference
in which we Americans as a nation
had much concern, save that it is al-
ways our concern to see just what we
can do to help, and so far as we can,
properly work for the international
peace and good will. In its outcome
this conference has added to the likeli-
hood of the permanent settlement of
the Moroccan question, secured equitable
dealings as among the foreign powers
who have commercial relations with
Morocco and has diminished the chance
of friction between these powers. In
the way of his loving and doing his
duty by the land of his adoption, should
help him toward this and the per-
formance of his full duty. If a man is
a good son he is apt to make a good
husband, and the quality that makes a
man reverence the country of his
birth is apt to be the quality that
makes him a good citizen in the
country of his adoption.

CANNOT COME TO AN AGREEMENT

NEW YORK, April 13.—The joint con-
ference began at 1:30 and the mine work-
ers at the conference amended their
previous proposition by asking that an
agreement be made with the anthracite
mine workers instead of the United Mine
Workers of America. They also amended
the check-off plan so that all the em-
ployees willing might be included. They
also accepted the anthracite strike com-
mission.

The miners propose that any vacancy
in the anthracite strike commission shall
be filled by President Roosevelt. The
conference adjourned subject to the call
of the two chairmen, Messrs. Mitchell
and Baer.

Mr. Baer made the following answer
to the miners' communication:

"We regret that you have not accepted
our proposition. We do not feel that
we can modify them. We will hereafter
answer your communication of this date
by letter, or if you desire a further meet-
ing the time can be arranged. We will
hereafter be fixed by the respective chair-
men."

President Truesdale of the Lackawanna
Railroad was asked to explain Chair-
man Baer's brief statement. He said that
the conference was accepted as meaning that
the operators stand absolutely by their coun-
ter proposition, submitted on Tuesday.
As the situation now stands, Mr. Trues-
dale thought there was not too much to say
and negotiations between the operators
and miners had practically been sus-
pended. The operators will take up the
miners' proposition of today, however,
and make formal reply early in the com-
ing week.

STEAMER CRASHES INTO S. F. WHARF

SAN FRANCISCO, April 13.—The
steamer Ukiah crashed into the end of
the Washington-street wharf this
morning and tore out fifty feet of the
wharf. The damage is estimated at
about \$3000.

ACTRESS IN PLEA FOR MERCY

SAYS SHE ONLY WANTS HUBBY CAUTIONED.

SAN FRANCISCO, April 13.—These
are court days for buxom Bessie Tanne-
hill of the Thiol Opera Company. Yes-
terday it was a Superior Court session
as plaintiff in a divorce action in which
she alleges that her husband, Earl G.
McQuaide, has failed to provide for her.
This morning her appearance was in the
role of complaining witness against the
same man whom she was prosecuting on a
charge of battery.

The actress told how her husband had
attacked her at the entrance of the the-
ater; how he had rudely seized her by
the wrists and torn her clothing when
she attempted to get away from him,
and how, in her opinion, she would have
been mortally wounded had not other
members of the company come to her
rescue. The actress added to her tale
of tribulation, that she had no desire
to punish the man from whom she was
seeking a legal separation, but only
wanted assurance that he would not
molest her in the future.

McQuaide, on his own behalf, explained
that he never had intended to do his
wife any harm, and that his only purpose
in assaulting her on the street, was to en-
deavor to effect a reconciliation.

After hearing the accused man to tes-
tify, the court adjourned his case until
future. Police Judge Cabrinia dismissed
the case.

SPLENDID ANIMAL DISPLAY BY NORRIS & ROWE

Troup of Fierce Siberian Bears Is One of the Features for Tonight.

Norris & Rowe laid the foundation of their fortune with trained animals and they have never lost sight of the fact that the public took the greatest interest in this feature so with each season's enlargement of their big circus, they have constantly added to their splendid wild animal display.

This season they promise many sensational and thrilling displays in this line. A troupe of fierce Siberian bears will be seen in wrestling bouts, boxing, playing sea-saw with blood hounds, bears juggling with their feet, jumping through hoops of fire, and other seemingly impossible feats, a troupe of elephants walk the tight rope, play soldiers stand on their broad heads play musical instruments, etc.; a congress of sea lions are well educated to do all sorts of tricks.

"Babe" the beautiful Royal Bengal

lioness and "Nero" the fierce African lion, jump through hoops of fire, ride around the steel arena on each other's backs and accomplish many other feats at the command of the trainer. Seventy beautiful Shetland ponies go through drill maneuvers with the precision of soldiers, a dozen pure white Arabian stallions go through onkewalking and various changes of steps, a troupe of high-jumping horses, hippodrome races with elephants, llamas, camels, dromedary ponies, thoroughbred horses, baboons, apes, monkeys, etc., as the co-terestants, exciting flat, Roman standing and running races by famous equestrians on racing stock, are but a limited number of the splendid features to be seen this evening, tomorrow afternoon and evening in the tents, corner San Pablo avenue and Thirty-third street.

CONNECTED BY A WIRELESS

NEW COMPANY BEGINS SERVICE: MAYOR MOTT TO MAYOR SCHMITZ.

The Pacific Wireless Telegraph Company, connecting San Francisco and Oakland, began active operations yesterday. The company is now ready for commercial business. Mrs. Joseph S. Spear Jr. christened the opening up of the new means of communication with San Francisco by

sending the first message from there to this city. This was followed by a message from Mayor Frank K. Mott to Mayor E. D. Schmitz. Mayor Mott's message read as follows: Oakland, April 12, 1906. Hon. E. D. Schmitz, Mayor of San Francisco.

Today inaugurates the wireless telegraph service between your city and Oakland, and inasmuch as the achievement places us abreast of the times in methods of long distance communication, I deem it an appropriate occasion for mutual congratulations. FRANK K. MOTT, Mayor. Mayor Schmitz immediately replied as follows: SAN FRANCISCO, April 12, 1906. Hon. Frank K. Mott, Mayor of Oakland. Thanks for congratulations. I am pleased to see Oakland and San Francisco connected by one more bond of advanced progress.

The offices of the company in San Francisco are at 1401 Merchants' Exchange building, while those in Oakland are in Foresters' Hall building, corner of Thirteenth and Clay streets. The time for which messages can be sent will at

present be between 8 a. m. and 6 p. m. These hours will be increased as soon as business demands it. The Morse Code is the one used over the system. It is expected that the station on Mount Tamalpais will be completed by June 1, and then direct communication can be had between British Columbia and Southern California. The Tamalpais station is to be the relay station owing to its enormously powerful equipment.

A. L. New, the vice-president and general manager of the company, left last night for a short trip to New York.

Don't Put Off For tomorrow what you can do today. If you put off buying a bottle of Ballard's Snow Liniment, when that pain comes you won't have any, buy a bottle today. A positive cure for Rheumatism, Burns, Cuts, Sprains, Contracted Muscles, etc. T. S. Gigham, Prairie Grove, Ark., writes: "I wish to thank you for the good results I received from Snow Liniment. It positively cured me of Rheumatism after others had failed. Sold by Wishart's drug store, Tenth and Washington streets."

HOTEL ARRIVALS.

L. Chapman, King City, L. B. McCray and wife, King City.

SENATOR PERKINS URGING ACTION

SAN FRANCISCO, April 13.—Senator George C. Perkins has sent a communication to this city to urge the commercial bodies to stand strongly behind his bill for the appropriation of \$1,500,000 for the construction of warehouses, offices, docks and wharves at Fort Mason, Black Point. A favorable report has been secured from the War Department in regard to the plan. A dispatch was sent to Senator Perkins yesterday by F. C. Dent Marston of the Chamber of Commerce, in which the following words were used: "The Chamber of Commerce reiterates its resolutions of July 19, 1894, and heartily endorses your bill." The purpose back of the bill is the establishment of the American base of Asiatic trade at San Francisco. Senator

Perkins writes that the passage of his bill "means that San Francisco will be, for all time, the depot for the Pacific islands military supplies, and the port for the United States transports."

IN LINE OF HISTORY.

Editor TRIBUNE—John Alexander Dowrie is having a severe experience of conspiracy and rebellion in Zion City. It is interesting to note how this places him in line with a long list of great names in both ecclesiastical and civil history. Joseph, in Egypt, was falsely accused and imprisoned, Moses was rebelled against in the wilderness. Even the peerless Samuel was rejected by the people in favor of Saul, King David was dethroned and driven from Jerusalem by rebellious Absalom; Jesus was conspired against, betrayed and crucified, St. Paul was declared by Festus to be "mad," crazy, Socrates was falsely accused and put to death, Themistocles, the victor of Marathon, and Aristides, "the Just," were banished from Athens, Julius Caesar, the "greatest of Romans," was betrayed and assassinated. Even our Washington was conspired against by "the cabal" during the war, and during his second administration newspaper criticism made his life miserable. So now, if Dowrie regains dominion in Zion City, or should he be killed, he is likely to stand well in the history to be written a thousand years later. A STUDENT OF HISTORY.

TORNADO SWEEPS SIX TO DEATH

TEXAS STORM ALSO INJURES SEVERAL AND BLOWS DOWN GRAND STAND.

DALLAS, Tex., April 13.—Six persons were killed and several injured in the tornado that swept over Briggs, Tex. late yesterday. A number of buildings in the district were destroyed.

At Cleburne the storm blew down the grandstand in the ball park during the progress of a game. Several persons were injured but none killed. The heaviest rain in Texas fell in Dallas last night and a general rain is reported over north Texas.

Superfluous Hair

Removed by the New Principle

De Miracle
A revelation to modern science, it is the only scientific and practical way to destroy hair. Don't waste time experimenting with electrolysis, X-ray, and depilatories. These are offered you on the BARKER WORD of the operators and manufacturers. De Miracle is not a depilatory, it is a depilatory which is destroyed by physicians, surgeons, dermatologists, medical journals, and prominent magazines. Booklet free, in plain sealed envelope, for \$1.00. De Miracle Money Back without question (no red tape) if it fails to do all that is claimed for it. For sale by all first-class druggists.

BOWMAN & CO., AGENTS.

PRESIDENT MAKES HIS REPORT

TELLS OF PROGRESS MADE DURING PAST YEAR AT THE COUNTRY CLUB.

Edwin Goodall, president of the Country Club, has just completed his report, which has been sent to the members as follows:

"To the Members of the Country Club, Ladies and Gentlemen—I have the honor of herewith submitting a report and review of the affairs of this Club from its organization to February 1, 1906, covering a period of about three years.

When in 1902 it became evident that the march of improvements would speedily crowd the old Oakland Golf Club off the Adams Property, the question arose, What shall the future be? There were quite a number of the members of that club who had learned to love the tramp over the golf links and to forget the daily business grind in the fascination of the game. After seriously considering the situation these gentlemen concluded to try and form a Country Club, and if this proved a failure to move to San Francisco where there was ample opportunity for them to indulge in their favorite pastime. So after several preliminary meetings the "Claremont Country Club" was on January 27, 1903, formally incorporated. I am almost persuaded that could those who were instrumental in starting that movement have foreseen the length of time and the amount of work and worry necessary to make it a success—on the brilliant success it is now enjoying, they would have hesitated long before assuming the responsibilities of the undertaking.

SUBSCRIPTION LIST.
Immediately after incorporating, a subscription list for memberships was opened and liberally signed. Then was presented the difficult task of selecting a property that would fill the requirements of a country club, these were not less than ninety acres of land in one body, at a reasonable price and accessible to Oakland, Alameda, Berkeley, and San Francisco. Several sites were examined and rejected because of some unsoundable objection. Finally this property known as Rockledge was accepted. I think you will all agree that it is ideally located and splendidly adapted to country club purposes. The property was purchased from three different parties, the principal one being the Realty Syndicate. Records of title had to be secured and legal angles unraveled and straightened out. R. M. Fitzgerald attended to it all without cost to the club. Then came the clearing of the land, the locating and laying out of the grounds for the different games, etc. William Pierce Johnson as chairman of the grounds committee, gave this intricate task attention for months. Changes and additions to the club house and other buildings had to be made. These were planned by Walter Matthews, the well-known architect. John Cadman, as chairman of the house committee, gave a vast amount of time attending to the changes improvements, finishing and furnishing of the club house. No one unfamiliar with such matters can have any idea of the amount of work done to get such a simple matter as a sewer built out Broadway to Fifteenth street and then to obtain permission for the club to connect therewith. It took months of effort to get a street railroad connection between Oakland and Berkeley via the club's property. The drafts on the time and attention of our general secretary, Sam Bell, Mikee, have been enormous. It is a pleasure to say that he gave it willingly and performed the duties of his office in his usual cheerful and efficient manner. Messrs. George De Golia, F. M. Wilson, W. J. Pierce, and Gayley, George W. McNear Jr., and others have also been cheerful and effective workers in the affairs of the club.

CLUB PROPERTY.
One of the serious difficulties the directors encountered in the organization and operation of the club, was the fact that the laws of California prohibited a corporation like this from owning over fifty acres of land in one body. As the club needed 100 acres of land it became necessary to apply to the Legislature to amend the law. Without the great and kindly influence of F. S. Station I am of the opinion that the amendment would not have passed. If any one thinks it an easy matter to get an old law amended by a new law passed through the Legislature he will, I am confident, change his mind after making a trial. Another serious difficulty successfully overcome (after many months) was the fact that this necessitated at one

time the directors (a number of the members joining) pledging their personal credit to raise funds to carry on and pay for improvements, etc., for which the club was liable. This, of course, was only temporary, as we were able to raise all the money needed by mortgage of the club's property, and right here I may as well tell you of our present financial condition.

"The club was formally opened for business December 1, 1904, at the end of which month we had a membership of 294 regular members and thirty-four life members, making a total of 328 and admission fees of \$61,650. During the year 1905 and the month of January 1906, the club made a net gain in members of sixty-nine regular and one life and in admission fees \$7260. This making, at the date of this report, January 31, 1906, 393 regular and thirty-five life members and total admission fees of \$68,910. As the club's property, with improvements, has cost \$154,405.26, it is of course apparent that we had to raise some \$85,000 to meet its obligations. This was borrowed August 29, 1905, from the Pacific Mutual Life Insurance Company, on the club's note secured by mortgage on its property, payable five years from date, at 6 per cent per annum interest payable quarterly. But the club paying the taxes the rate of interest only nets us 5 per cent. The club owns 107 acres of land, and it is probably safe to say that it is worth today twice its cost.

"By reference to the regular financial statement herewith appended it will be noted that after paying interest, insurance and all fixed charges and operating expenses, the club has made a profit of \$18,077.72, covering the fourteen months of its operation. If we should follow the customary practice of clubs of this kind and credit the admission fees received during the same period to operating instead of to capital account we should show a profit of \$23,327.72. It should be observed, however, that \$23,327.75 of this total comes from the sale of an option which the club has on some adjacent land which it did not need.

THE MEMBERS.

It may interest you to know that of the 359 members Oakland furnishes 137, San Francisco 98, Berkeley 65, Alameda 23 and various other cities 16. In percentage it would show Oakland 48 per cent, San Francisco 25 per cent, Berkeley 17 per cent, Alameda 7 per cent and miscellaneous 3 per cent. It therefore appears that by reason of the successful establishment of this club, Oakland not only held as residents many of the members of the old Oakland Golf Club, who would have otherwise moved to the city, but that the threatened exodus of its members turned to flood, bringing nearly a hundred residents of San Francisco as members of this club, and it should be borne in mind that in referring to the club's membership the head of the family only is counted. If all who are entitled to and do enjoy the privileges of the club were included, it is safe to say they would materially exceed a thousand.

"The club has some \$14,000 cash on hand. It has some \$10,000 on deposit, a modest question with the directors whether to apply this in reduction of the club's debt or expend it in adding other attractions, such as a dance and banquet hall, with a bowling alley, etc. underneath. Such a building would, it is estimated, cost about \$10,000. The architect is now drawing the plans. The old board has inclined to the opinion that it is not a prudent expenditure. The matter will have to be taken up and determined by the new board. An archery range has been authorized. It will probably cost some \$250.

When the grading and macadamizing of Broadway is completed—and we are advised it will be shortly—the drive here in carriage or automobile will be a pleasure. We regret it is not now. Its condition, in fact, the condition of many, if not most of Oakland's streets, is a disgrace to the city, but time, patience and perseverance will, we trust, speedily remedy these drawbacks, and, in any way, are not of sufficient importance to worry about. The improvement of Broadway will, of course, not only add to the pleasure of the trip but will very materially increase the value of the club's property. The condition of many, if not most of Oakland's streets, is a disgrace to the city, but time, patience and perseverance will, we trust, speedily remedy these drawbacks, and, in any way, are not of sufficient importance to worry about. The improvement of Broadway will, of course, not only add to the pleasure of the trip but will very materially increase the value of the club's property.

SICK ALL THE TIME

UNTIL SHE TOOK DR. WILLIAMS' PINK PILLS.

"I suffered all the time, practically, from sickness of the stomach, dizziness or swimming in my head and pain in my back. Now I am entirely free from discomfort of that sort. I am not only able to keep on my feet, but to do my work as a teacher, and to enjoy the pleasures that come through the possession of good health."

That is the statement of Mrs. B. B. Ford of Pushmataha, Miss., who continues as follows: "I am glad to tell others that my troubles were all remedied by Dr. Williams' Pink Pills, which are indeed a woman's friend. I heard of them first from an acquaintance in Arkansas who had found out their merits by actual use. What she said prompted me to try them in September of 1904, and within three weeks I experienced much relief. I knew that they must be adapted to the needs of my case. After using them for a short while longer I was thoroughly convinced of their helpfulness. I ceased to be an invalid, I became and have since remained a well woman, and the reason why is simply that I took Dr. Williams' Pink Pills."

The pills which Mrs. Ford so justly praises cure the chief ailments of women by thoroughly renovating the blood. They make functional action regular and painless, banish headache, nervousness, great weakness, appetite, promote digestion, put color in the complexion, build up strength and in a word enable women to reach and maintain full physical perfection.

Dr. Williams' Pink Pills actually make new blood and give strength and tone to every part of the body. In this way they have cured serious disorders of the blood and nerves, such as rheumatism, sciatica, anæmia, nervousness, headache, partial paralysis, locomotor ataxia, St. Vitus' Dance and all forms of weakness in either sex.

Every woman should send to the Dr. Williams' Medicine Co. Schenectady, N. Y., for a valuable booklet, entitled "Plain Talks to Women." It will be mailed free in sealed envelope to the address of the applicant. Dr. Williams' Pink Pills are sold by all druggists or sent, postpaid, on receipt of price, 50 cents per box, six boxes for \$2.50, by the Dr. Williams' Medicine Company, Schenectady, N. Y.

son consented to accept the nomination of the committee. "At this time, three years ago, the old board felt a sense of relief in retiring and transferring their duties to other hands and hearts less fatigued especially so as they feel a full measure of pride and satisfaction in what they have done, and in retiring they desire to congratulate their fellow members on the successful launching and operating of a club which for accessibility, for picturesque location, for the state of fitness and yet homelike comforts of its clubhouse, for the beauty of its rare flowers and its magnificent views, for the high standard of its moral atmosphere, for the fact that it is a club where no one is ever having a hard time of it, for its high credit and splendid financial condition, it stands today in its youthful vigor basking in the sunshine of success and like our glorious State of which it is a part, the peer of the best in the land.

In conclusion permit me to say that in looking around you find, as you do now, a wide margin of safety in the omission or commissions which do not meet with your unqualified approval, remember that those who have had the matters in hand are not experts, but simply private citizens who have consented to give much of their time and attention to the club's affairs, and into the warp and woof of which undertaking they have woven an unselfish devotion. Therefore we ask that unto our faults, which are a little blind and unto our virtues, which are a little good, you be lenient.

EDWIN GOODALL, President

SKATING CLUB TO GIVE FURTHER DATES.

According to an announcement by Manager Eppinger of the Piedmont Skating Club is to be given the skating for the balance of their dates, instead of having to skate from 10:30 to 12:15 as heretofore.

The club's season was to have closed on Monday, April 11, but the enthusiasm of the members for the sport was so great that it was decided to hold at least four more meetings, the first of which was that of last Wednesday, April 11.

Manager Eppinger now announces that for the three remaining meetings, which will be on April 15, April 22 and May 2, the club shall have the use of the skating rink at 5:15 o'clock.

Also, if the club desires, it may have the privilege of two more meetings to follow these.

This announcement has been received with a great deal of pleasure by the members of the club, who are responding in great numbers to the offer of further indulgence in their pastime.

WHY

Oakland People Should Take Vinol.

Mr. Specht of the Owl Drug Co. says, "We do not believe there is a man, woman or child in Oakland whom our famous cod liver oil preparation, Vinol, will not benefit at this season of the year."

"We believe there is no need for so many people to drag around run-down, tired out and debilitated, or for old people to remain weak and infirm when we guarantee Vinol will restore health and strength."

Continues Mr. Specht, "For centuries cod liver oil has been recognized as the grandest of all body-building agents for wasted human strength and vitality, but on account of the heavy nauseating and system-clogging oil which enveloped its curative properties few could take it with any benefit."

"In Vinol you get in a concentrated form every one of the curative and strength-creating elements of cod liver oil actually taken from fresh cod livers, and without a drop of oil to upset the stomach and retard its work."

"Vinol is not a patent medicine, and you know what that means, as everything it contains is named on the back label of every bottle."

Here's a bargain

We dislike to use that word "bargain" but nothing else seems to express it. Our Cloak and Suit Buyer picked these garments up in New York at just about half price, a large manufacturer, who wanted our trade, offering them as an opening wedge.

When we say these coats are

Worth \$10

we make a statement that the facts will prove. In all our business career we never offered a coat of this description, style and quality for anything near this price.

They came in two days ago. They're just the coat for street wear, automobile use, vacation wear, etc. Medium weight, plaid effects, collarless. They are all wool and trimmed with velvet and soutache braid of contrasting colors. The buttons are large and of metal. See the picture, that gives you a good idea of them. And see the window, too. We think we've plenty to last all day tomorrow. Now, don't miss this offer. You can use a coat like this.

Business Office and Publishing House, 413-417 Eighth St., Oakland.

The Indiana Platform.

"Don't make it too d—d explicit!" exclaimed old Zach Chandler of Michigan once when they were framing up a Republican national platform. The makers of the platform adopted by the Indiana Republican State convention must have had Zach Chandler's maxim in mind when they were selecting and fitting the planks together. They were not too explicit; indeed, they avoided all pretense of being explicit. They just hurrahed for the tariff, sound money, prosperity and Roosevelt, and let it go at that. They never hinted that tariff revision might be necessary, but contented themselves with saying the "Republican party can be trusted to make changes in tariff schedules whenever more good than evil will result."

Nothing to alarm the standpatters in this. Nor will the Massachusetts band of bawlers for free hides find much to hearten them in the above sample of Hoosier political wisdom. Neither will Governor Cummings of Iowa find it particularly to his liking.

The plank dealing with the trusts and other capitalistic combines is as beautiful a straddle as one would wish to see. It would have delighted the heart of old Zach Chandler, who always went in for an elastic platform. If anybody can find anything discouraging in this to either the trust smashers or the trust magnates, we would like to have it pointed out.

"We favor the enactment of all laws to protect the people against the encroachments of combined capital. We realize that capital must combine in a lawful way successfully to conduct our modern industries and commerce, and we believe in protecting it in its legitimate functions."

However, the platform of the Kansas county convention, which summing up the whole matter in Mark Hanna's phrase, "Leave well enough alone," is preferable. It is even less explicit, and compels the critic to first explain the case before he can assail the Republican position. The man on the inside ought to always adopt "Let well enough alone" for his motto. It is for the fellow on the outside to do the complaining, therefore he should draw his own complaints. At this juncture there is nothing for Republicans to do but point with pride and hold the fort.

Nevertheless, the Indiana platform is a good one. Where it does not stand pat it turns the corner quickly and deftly. It reads well. It stands on the record and sounds no note of apology. In short, it is a hearty, healthy, partisan war cry that is good to hear.

Here is something new in the field of promoting. Recently "Norwich University" of Northfield, Vermont, raised an endowment fund of \$100,000 as a memorial to Admiral Dewey, who once studied there. Now comes one Amos M. Atwell of New York with a claim that the authorities of the university agreed to give him fifty per cent of the subscriptions secured. Andrew Carnegie contributed \$50,000 of the total amount, and Atwell claims one-half of it. He has brought suit to recover fifty per cent of the Carnegie contribution, and in his complaint alleges that it was agreed he should get one-half the fund for promoting the scheme. Apparently the only dispute is over the money given by Mr. Carnegie. Have any other colleges been guilty of paying commissions to persons soliciting contributions on their behalf? The methods of high finance have insinuated themselves pretty far, so it need occasion no great surprise to discover that begging for schools, charities and churches is sometimes done on commission.

The man who asserts that he always tells the truth may not be trusted too far.—Pasadena Star.

Do you always tell the truth, neighbor?

Well, well, the whirling of time does indeed bring round its revenges! Here is the "safe and sane" Democracy of the East calling on William Jennings Bryan to lead the conservatives against William Randolph Hearst. This moves the New York World to ask if "the enemy's country" has adopted Mr. Bryan. Things are certainly getting mixed when Mr. Bryan is held up by men like Belmont and Ryan as a true type of the conservative.

At the recent municipal election in Chicago the Socialists cast 27,716 votes in a poll of 261,575, about one-ninth of the total vote polled. Last year they gave their candidate for Mayor 23,034 votes. The increase has moved them to make exulting prophecies as to what they will do in the future. But the Chicago Tribune dashes the hopes of the optimistic Socialists by recalling a little local history. It shows that in 1878 the Socialists elected one State Senator and two members of the Assembly, and in 1879 gave their candidate for Mayor 11,829 votes in a total poll of 58,010—or almost one-fifth of the total vote as against one-ninth they cast at the recent election. Out of eighteen aldermen they elected four, whereas they failed to elect a single candidate the last election. This showing does not indicate that Socialism is growing rapidly in Chicago, nor is it any basis for the assumption that the Socialist party will soon be a formidable factor in the politics of the city. Actually the Socialists are less strong today, relatively speaking, than they were twenty-seven years ago.

Where Assistance Is Needed.

The partial destruction of the children's home of the Ladies' Relief Society is to be greatly deplored. It is in the nature of a public misfortune, for it is a severe blow to a worthy charity. Children who are bereft of their natural guardians or are deserted or mistreated by them, have a peculiar claim on the sympathy of mankind. The Ladies' Relief Society is endeavoring to give shelter and training under moral influences to children deprived of proper parental care and home influences, and is therefore engaged in a work which inures to the betterment of society and which appeals to the finer feelings of humanity. If the damage to the home is to be repaired, speedily, the public must respond promptly and freely. We say this without suggestion from any person connected with the home or the Relief Society, and without specific knowledge of the financial condition of the Society, but our conclusions are drawn from the general fact that charitable institutions are never opulent and are almost invariably struggling to make both ends meet. It is stated that the loss to the home will probably reach \$20,000. This is a large sum for an institution relying upon private support, but a comparatively small sum to a large and prosperous community. What better Easter offering can the good people of Oakland make than to contribute a sum sufficient to repair the damage to the children's home? "Suffer little children to come unto me," said Jesus of Nazareth. We are about to celebrate His anniversary, the most sacred known to the Christian world, and it is therefore peculiarly appropriate to call upon a generous public to contribute liberally of their abundance toward providing a shelter for homeless children made a common care and charge by misfortune. THE TRIBUNE hopes the well-to-do people of Oakland will come forward at once with such liberal assistance that the Ladies' Relief Society can proceed with the restoration of the children's home without delay.

Hepburn Bill and the Senate.

Bourke Cockran, Tammany Democrat, made a speech in the House yesterday, in which he severely criticized the Senate. He ridiculed the Senate's deliberation, its habit of extended discussion and its reverence for the Constitution. Mr. Cockran said there were as many constitutions as constitutional lawyers, and made light of the elucidation of disputed questions by Senatorial debate. His particular theme was the Hepburn rate bill, which he declared to be perfect in the form it passed the House. In this he differs with both the Democratic and Republican leaders in the Senate, who are agreed that the Hepburn bill requires amendment.

Mr. Cockran's statement that the Hepburn bill was fully debated in the House is the one of all others, however, that will be most sharply challenged. Practically the country knew nothing specifically of the provisions of the Hepburn bill till it reached the Senate. In the House the bill was not carefully taken to pieces, considered line by line and measured with the Constitution. There were some perfunctory speeches, mostly of the buncomb order, and the bill was rushed through by a practically unanimous vote. There was no attempt to challenge either its wording or its provisions, and no discriminating analysis of its merits as a remedy for the evils it was intended to cure. The Committee on Rules, which is the Speaker, decided that there should be no amendment, and the bill was expressed through in its original form under orders from the executive branch of the government.

Whatever else the Senate has done to merit disapproval or commendation, it is entitled to the thanks of the nation for standing up for its constitutional rights and traditional dignity, and independence. It refused to be stampeded or dragged on. It declined to take orders from either a boss or the yellow magazine writers. Neither popular clamor nor the cracking of the overseer's whip in the House deterred the Senate from examining the bill in its own way at its own time. It proceeded with dignity, caution and courage. It subjected the measure to a searching analysis from every point of view.

The result is that the country has been informed as to the precise nature of the bill and the chief points in controversy. The people have been educated as to what the bill is intended to accomplish and made to reflect on its possible consequences. However this may affect the tenor and purpose of the rate bill, it is a good thing for the country. It is a convincing proof that no ill-considered legislation on an important question can be rushed through the Senate.

It is noteworthy that on the same day Mr. Cockran was attacking the Senate in Washington, Charles B. Landis, another Congressman, was defending that body on the floor of the Republican State Convention of Indiana. Mr. Landis warned his hearers against basing their judgment on the ex parte statements of sensational writers for the cheap magazines. He denounced as a calumny the charge that the Senate has committed treason.

On the same day, also, Joseph G. Call, of Los Angeles, special attorney for the government in the rate cases—a Democrat, by the way—denounced the Hepburn bill as unconstitutional and ineffectual. He declared it would be ineffectual if passed in its original form, and would prove a disappointment to the public. He pointed out why it would not abate the evils it was intended to remedy, giving pith and point to his conclusions by applying the bill to existing traffic conditions, whereas, Cockran generalized in sonorous periods which elucidated nothing in particular. Let Mr. Cockran meet the objections raised by his fellow Democrat, Mr. Call, before he undertakes to rebuke the Senate for failure to accept dictation or follow House methods. In the meantime, sensible men would do well to inform themselves personally regarding the questions at issue.

The local papers figure out a population of 30,000 for Fresno from the new directory. They compute three inhabitants for each name, excluding Chinese and Japanese. This basis of computation gives Oakland more than 110,000 inhabitants, and it comes mighty near having them.

SPOILSMEN TACTICS.

The Independent has no candidate for Governor in the approaching election. It recognizes that the Chief Executive of California must be a man of parts, of resources, of force and of honesty, and that it is not a crime to aspire to this position. It is not pledged to the candidacy of our present Governor, George C. Pardee, and has not determined whether his nomination will be the best for the party or his election best for the State.

But it confesses to a total lack of sympathy with the politicians who are making a campaign against the Governor merely because they failed to get coveted positions or failed to use the Governor for political purposes. If there is anything that can drive us to the anti-convention support of any aspirant for the responsible position, it is the tactics being used by professional politicians and office-seeking hacks in their efforts to discredit the Governor because he has been careful in making selections for important offices. Not only has George C. Pardee made one of the best Governors the State ever had, but he has particularly distinguished his administration by efforts to secure the very best men for public station. This should be an element of strength instead of weakness and would be a potent element of strength in the election. But, of course, elections are run by the people, while conventions are frequently run by politicians.

If Governor Pardee is renominated the people will attest their appreciation of his excellent service by re-electing him. It is possible that the Republican convention may find a stronger man, but it may go much farther and fare worse. The State has expanded very materially in the past few years and the office of Governor is twice as important as it was ten years ago. We trust it will expand more, and that it will soon reach a station where the disappointment of a clique of hack politicians will not determine the character of the State administration.

One of the worst faults of the San Francisco press is the disposition to hammer public officials who are attending to their duties. The recent efforts of the metropolitan papers to discredit Governor Pardee are disgraceful. The public should know how such articles emanate. They are gathered by reporters from a knot of chronic office seekers and politicians who begin to talk of probabilities months before the election. They do not reflect public opinion, only spoils opinion. The rank and file of the party or of the people get no voice in these prognostications. The dominant note is that of the politician out of a job. Other people are too busy to devote every day to hammering the government.

If the Republicans of California are as responsive to these tactics as the Republicans of the nation, their continuance will certainly bring a reaction that will give Governor Pardee unasked support, for they are the identical tactics which were employed to discredit Theodore Roosevelt two years ago.—Stockton Independent.

"In Russia it is illegal for a person to marry more than five times," said the man who knows things.

"That just shows how unprogressive the Russians are," declared the man from St. Louis.—Houston Chronicle.

Like Senator Depew, General Grosvenor has been an optimist. But he is now convinced that the country is bound for the "demnition bevvows" on the down grade.—Boston Transcript.

Not Over Six to a Customer

SIX RAMIKINS

for

45¢

No Telephone Orders Accepted

SATURDAY NIGHT SPECIAL

None sold, under any circumstances, until after 6 o'clock tomorrow night. None sold to dealers, and not over half a dozen sold to any one customer. The regular price is \$2.50 per dozen, so you can imagine the crowd that will come. We have over two thousand of them, though, we think, for everybody. However, if it is just as convenient, we advise that you come early. Our object in selling them is to advertise our China department.

6 Fireproof Ramikins

(OR ENTREE DISHES)

for

45c

What They're Used For

They're the handiest little entree dishes in the world. You can make your entree and cook it right in these dishes, thus enabling you to serve everything piping hot and with little trouble.

They're fine for patties, sweetmeats, emb. egg pouches, etc. They won't crack, turn brown or lose their luster by heat. They're absolutely fireproof.

What They Look Like

They're made of genuine fireproof china. You can put them right in the oven and cook your entree in them. They are daintily decorated with floral sprays inside and out. The edges are stippled with gold. They are 3 inches across, 1 1/2 inch deep. The edges are fluted. They will match any set of China, and no household is complete without them. See them in the window today.

A HIM.

I want to be an angel
And with the angels stand;
But now it isn't possible,
For the women are all bann'd.

I hoped to be hereafter
(Whatever I might be now)
A white-and-blue robed harper,
With a crown upon my brow.

But alas! if they're all "he"
I must hunt another heaven.
Where they call the angels "she"
And a woman's rights are given.

—Jas. Fraser in Judge.

16-WHEELED LOCOMOTIVE

Trial of a Mammoth Freight Engine on a French Railroad.
A monster locomotive designed by Mr. du Bousquet has just been put on the rails by the French "Compagnie du Nord." It is made especially for drawing heavy loads over the steep inclines of certain parts of the system. Says the paper just named:

"It may be said to be double, for the axle of its drive is divided into two groups, forming what are technically known as two motor bogies. The driving wheels are built (about four feet nine inches in diameter) than the present models, and are twelve in number. Besides these, there are four smaller wheels between the two bogies, which prevent sagging and give stability to the whole. The high pressure cylinders are placed at the rear of the locomotive, while the low pressure cylinders and the two side tanks containing the supply of water for the engine are in front.
The entire length of the locomotive is about 18 meters (about 59 feet). It gives a force of traction of 18,000 kilograms (nearly 20 tons), being able to reach 24 kilometers (nearly 15 miles) when running with open throttle, which is less economical and is only done for short periods. In spite of its great length, its large wheels enable the locomotive to travel around pretty sharp curves, of 50 meters (about 164 feet), for example, although at reduced speed. Still on the easy parts of the run it makes 60 kilometers (a little over 37 miles) an hour—a good speed for a heavy weight of such compelling dimensions."—Translation for the Literary Digest from L'Illustration, Paris.

The effect on the digestive organs after using Last's Kidney and Liver Bitters is truly wonderful.

"My Glee is Dought."
Did not use Simpson's Flour.

EASTER TIME

Is the time for Spring Lamb and Spring Chicken, and if you want them right up to the mark for delicious goodness you should get your supply at Lohr's Uptown Market. It is an accepted fact that there can be only one "best" Easter lamb. It is very generally admitted by all who know that our meats are the best, you can rely upon its being the truth when we state it is so. Just for best mutton, lamb, veal, poultry, etc.

Beautiful Lawn Waists

The Lawn Waists we are showing are delicate articles of wear that cannot be surpassed for daintiness. All of them lace trimmed or lace embroidered, presenting an appearance that is both chic and dressy. Their daintiness and becomingness delights every woman who sees them, and the prices are such that those who come in to purchase one usually walk away with two or three. We can't help talking about these waists—we are proud of the way they look and wear.

ist and Helmi J. Miller and Fred Peaks
will be heard in baritone roles.

MINISTERS SPEAK TO CONGRE
GATIONS AT IMPRESSIVE
GATHERING

BERKELEY April 13—A union of the Presbyterian Methodist and Congregational churches people will be at the first Congregational church to commemorate the anniversary night of the Lord's Supper. This special service will be at 8 o'clock but it proved to be a successful arrangement for a great many churches who crowded the Congregational church to take part in the service.

The united choirs of the churches represented provided music. The following are the delivery addresses during the evening: Rev. J. Kersey, A. S. Iulif, A. McAfee, R. S. Martin and W. H. Hopkins.

COSTLY STUBBORNNESS
 FIERCE April 13 — An illustration of stubborn enforcement of Bureau regulations is given in the Burgomaster Machine Co. South German group of buildings at Haerhou near Central Swiss route caught fire Sunday. A plane from Basel Switzerland met the flames. The firemen help in all the flames. The company office however would not allow the Swiss fire engine to cross the port. The company paid duty for the plane and while the discussion went on the building which was within one hundred yards of the custom house burned to the ground.

The ingredients of which S. S. S. is composed, and the method of combining and preparing them so that they gently and pleasantly build up and strengthen every part of the body, make it the ideal tonic for a disordered condition of the system. Every one feels the need of a tonic sometimes. The system seems to get "out of gear," the appetite becomes fickle, the energies are depressed, sleep is not restful or refreshing, and the entire body has a nervous, worn out feeling. When the system is in this depleted, run-down condition it must be aided by a tonic and S. S. S. is recognized everywhere as the standard. Being made entirely of roots, herbs and barks, selected for their gentle action as well as their invigorating effect on the system, it will not disagreeably affect any of the delicate members or tissues, as do most of the so-called tonics on the market which contain potent and some other harmful mineral ingredient. These disarrange the stomach and digestion, unfavorably affect the bowels or otherwise damage the health. S. S. S. tones up the stomach and digestion, improves the appetite, produces refreshing sleep, rids the body of that tired, run-down feeling and supplies tone and vigor to the entire system. It re-establishes the healthy circulation of the blood, acts more promptly and gives better and more lasting results than any other tonic, and because of its vegetable purity is an absolutely safe medicine for young or old. S. S. S. acts admirably in cases of dyspepsia, indigestion and other stomach troubles, and after using it that uncomfortable feeling of fullness, dizziness or drowsiness, after eating, are longer felt. Not only is S. S. S. the greatest of all tonics but possesses purifying and alterative properties, and if there is a taint in the blood it will promptly remove every trace and restore perfect health. In selecting your tonic for this year do not experiment but get S. S. S., the recognized standard.

HUNT BROS. HELP TO SHAPE
NEW HAYWARDS GROUNDS
FOR SUNDAY.

HAYWARD, April 12.—Haywardites and friends from a distance who love baseball expect to have a great time on the new grounds Sunday, after attending Easter services in the morning. The new grounds, which are within a couple of blocks of the heart of town, have had a force of men working on them for some days, plowing, scraping, leveling, laying out and otherwise putting them in approved shape for the great game that is to open the season of the national game for the year 1906. The Hunt Brothers on Thursday lent the carpenters of their cannery for the work of tearing down the grand stand, fence, and other like fixtures of the old grounds and removing them to the new ones, where they put them into shape again. The men who did the work were Superintendent Van Eaton, superintendent of the fruit department, Henry Kila, Tom Stevens, Frank Hill, Joe Riggs, Manuel Riggs, Riley King, Jack Firth, Harry Wilson, Ed Kelsey and Peter Grindell, and the Hunt Brothers Company footed the bill for it. It is expected that the grounds will be ready in a few days, and is considered to have been as good as a donation of one hundred dollars.

MEET IN ANNUAL SESSION

ALAMEDA UNITARIAN SOCIETY
TAKES NO ACTION FOR
NEW PASTOR.

ALAMEDA, April 12.—The annual meeting of the Unitarian Society showed that the church is in excellent standing. No action was taken upon the vacancy in the pulpit created by the resignation of Rev. Christopher Ruess. The matter was left in the hands of the new board of trustees.

The trustees elected for the ensuing year are as follows: Major Cullen Bryant and Dr. William R. Bacon, who were also members of the outgoing board, and Adam Parker, Dr. William R. Bacon, C. H. Weaver, Dr. M. J. Brown, Dr. Kate Post Van Orden, who is the new president of the Unitarian Church, W. E. Koller and Dr. Leander Van Orden.

To assure the use of the church property in perpetuity for Unitarian work, a committee of three was appointed to confer with the American Unitarian Association. The committee consists of W. O. Hena, Dr. W. O. Smith and George H. Murdock. The pure congregationalism of Unitarian Church at any time to be taken by a temporary majority from the course and purpose for which it was originally founded, and it is now more and more common for Unitarian Churches to deed their properties to the American Unitarian Association and enjoy the use of them nominally as tenants, but practically as owners.

RETIRING MINISTER.
The retiring minister in his report referred to the civic activities of the church during the past year, its interest in making permanent the present high standard of the community as to the number of saloons, its part in the public playground agitation, and its working for the proposed young men's club and clubhouse.

In reviewing the fifteen years' work of the Unitarian Church in Alameda, Mr. Ruess said that the Unitarian battle for common sense in religion and for the inclusive, non-sectarian spirit in religious fellowship had well won its battle, and that few communities in the United States, not excepting Boston, were more thoroughly Unitarianized than Alameda. The church and its minister at the end of fifteen years are recognized in the fellowship of churches in the city, and the Unitarian name is everywhere honored.

FRUITVALE'S NEW INSTITUTION
PROMISES TO DO
WELL.

FRUITVALE, April 12.—The capital stock and surplus for the bank at Fruitvale has already been oversubscribed, on the basis of an allotment of not more than fifty shares of \$10 each to any subscriber. It is possible that receipt of subscriptions may be continued with a view of making the allotment not over twenty-five shares to any stockholder.

Robert J. Tyson, formerly down for the limit under the present understanding, \$500, is vice-president and manager of the Seaboard Bank in San Francisco, which is understood to represent particularly a line of Scandinavian financial interests. The Seaboard Bank opened its doors only about a year ago, but since that time has received over \$700,000 in deposits alone. It is, therefore, Mr. Tyson, who represents the experienced banking interests in the formation of the Fruitvale Bank.

Now that the stock has certainly been oversubscribed, it will probably be no further move made for awhile until arrangements satisfactory to all can be made regarding a building and location.

"IN THE SWIM."
Dunleavy & Lynch, contractors, backed by non-resident capital, are reaching out for some of the best work in their line across the bay, as well as on this side.

They are now engaged in transforming the extensive and beautiful Alameda Haystack estate, containing probably 160 acres or more, at San Mateo, into an elegant town lot subdivision for the owners, their contract covering all the work necessary to fit the place for market in the most up-to-date style. The improvements to be put upon it before it is offered for sale in the new form include streets paved, curbed and guttered, sidewalks, sewers, water pipes, ornamental, and everything else necessary except the lighting system, which is to be overhead electric.

NEW AERIE.
A new aerie of the Fraternal Order of Eagles was made on Wednesday evening, in Blackhawk Hall, Fruitvale, near High street. Nearly 500 members of the order were present and the ceremonies were not completed until well toward 2 o'clock in the morning.

The work was done under the direction of Worthy President John S. Perry, First Commissioner of the city of San Francisco, of Aerie No. 5, Worthy Past President W. J. Kavanagh of No. 11, Vallejo; Worthy President Frank Piro, also of Vallejo; Vice President Arthur J. DeVallejo, Worthy Chapter J. H. Floyd of No. 1076, Alameda; Worthy Conductor E. Jones; Justice Guard B. J. Nelson of No. 7, Oakland; Outside Guard F. W. Brown, No. 1229, Hayward, and nearly as many more deputy grand officers.

Three new members were added to the 12 already on hand to take the oaths and a number of children here, is being organized and given the secret work. P. A. Allen, the contractor, and Emil Trautman, carpenter, were the candidates selected for initiation. The work was done by the team of No. 5, including Lawrence J. Corbin, J. L. Coffey, James Dhuu, Matt Marlow, Andrew Jackson and others.

The banquet began at 11 o'clock, and was under the management of Vandergriff. Altogether it was a most remarkably successful time.

CAKE AND APRON SALE.
A cake and apron sale of homemade articles will be conducted by the Fruitvale Ladies' Guild in Army Hall, Fruitvale avenue, this afternoon and evening.

FUNERAL.
The funeral of George Shutt, aged 81 years, who died at his residence in Fruitvale April 7, leaving a brother and sister and a number of children here, is to be held from the undertaking parlors of A. A. Barber, Fruitvale, tomorrow at 10 a. m., interment at Oakland following.

FRUITVALE'S FORUM TO ENTERTAIN

FRUITVALE, April 12.—Tonight, at Army Hall, on Fruitvale avenue, the following pleasant program will be presented by the Forum management: Mr. Walton will read one of his original stories; Rev. C. Carroll will relate some of his Scottish experiences; a Scotch song will be given by Miss Alice Wood; solo by Miss Eva Gunn, editor of Plume; Prof. Palmer, with his quintette, will give several musical numbers.

SAN LEANDRO'S NEW BOARD OF
TRUSTEES TO GRAPPLE
WITH MATTER.

SAN LEANDRO, April 12.—There is every reason to believe that nothing will be done toward building the sewer in Hayward avenue under the award made on the last bidding on tenders made by the town trustees. Dunleavy & Lynch of Fruitvale, the successful bidders, Recorder Black being the only other bidder on two occasions, being advised by their lawyer that the contract drawn by the city attorney for them to sign was defective and that under it they could not legally secure their pay, refused to proceed, and spent some days endeavoring to secure the work by private contracts with the property owners along the street.

They were successful in this, as is reported, with all but five or six in fact there is an impression that the opposition of one man, Mr. Lucio, was really all there was to overcome, but that has not yet been removed.

It is estimated that proceedings will be started again as soon as the new board of trustees has organized.

ATTORNEY'S PLAN GOES WRONG

HITCH IN H. K. JAMES' EFFORTS
TO ATTACK ORDINANCE ON
CIGARETTES.

ALAMEDA, April 12.—Howard K. James, charged with giving away cigarettes to his friends, and who had himself arrested in order to test the city ordinance, which prohibits his action, did not stand trial yesterday as he had demurred. James expected to be held in custody to further his scheme of habeas corpus but he was released on his own recognizance and the move of the court somewhat complicated matters. The demurrer is designed to bring the ordinance into question. Failing in this James will likely have a fight on his hands to save himself from being fined.

BIRD TRAPPERS ARE SET FREE

Morris Markovitz, Manuel Menise and Manuel Madero, three youths accused of having set traps for birds within the city limits, were given their freedom this morning by Police Judge Smith. The policeman, Attorney Greene moved to dismiss the cases and Judge Smith granted the motion.

The boys were arrested yesterday by Police Officer McCarthy, who had a series of traps for "read heads," the male member of the inner family. When Police Officer McCarthy made the arrest, he did not know the State law provides for the destruction of larks and sparrows on the ground that they are dangerous to fruit. He assumed that an ordinance passed when Oakland was still in its infancy, containing only 2000 birds, was still in force. He saw the youths plying their nervous pastime of trying to coax a few "red heads" into a gilded cage and concluded there would be great reflection on him by enforcing an ordinance which had lain dead for 10 years.

His success in the case, however, was not complete, as the boys were released and displayed his authority in the way of a blue uniform and a star. The boys were cowed by the appearance of the policeman and did not so much as offer a feeble resistance to him. He marched them in triumph to the City Jail, where they were booked on a charge of trapping birds.

Now the facts did not quite warrant the arrest, according to the prosecuting Attorney, Greene. In the first place, the boys were not successful in luring any of the feathered denizens of the air into their home-made traps. They were many weary hours for the springing of the trap by the entrance of an unwary bird, but they were not successful in luring any of the feathered denizens of the air into their home-made traps. They were many weary hours for the springing of the trap by the entrance of an unwary bird, but they were not successful in luring any of the feathered denizens of the air into their home-made traps.

Prosecuting Attorney Greene was not in a kindly mood this morning when the policeman appeared to swear to the complaints. "You cannot have any complaints," said the Prosecuting Attorney. "This officer will not prosecute any boy on the facts that you have presented."

When the matter came up in court Mr. Greene was still in the same frame of mind. "Your Honor," said Prosecutor Greene, addressing Judge Smith, "these boys are accused of trapping birds. There is no evidence to this effect. Besides, the State law provides that it is lawful to trap birds and sparrows. The ordinance under which the boys were arrested is ancient from disuse. I move a dismissal of the cases."

"It is so ordered," said the court. "There is no statute of limitations which runs against misdemeanor," said Attorney L. Church, who took exception to the fact that the boys were engaged in the pastime of trapping birds.

BAY SHORE CLUB CHOOSES OFFICERS

ALAMEDA, April 12.—The Bay Shore Club has elected the following officers for the ensuing term of six months: President, M. Hemphing; vice-president, J. Vieira; secretary, H. Sheransky; treasurer, R. Fenton; captain, C. Peterson; sergeant, L. Wessell; executive committee, J. Vieira, chairman; V. Paulucci, W. Stump.

The masquerade committee reported all arrangements completed for a successful masquerade at Harmonie Hall Saturday night, April 21. Over \$50 worth of prizes have been secured and are on exhibition at Binder's drug store on Park street.

POISON ANIMALS LIKE

Certain substances which are deadly in their effects upon men can be taken by animals with impunity. Horses can take large doses of arsenic, dogs of mercury, goats of tobacco, mice of lead and rabbits of belladonna without injury. Chicago Journal.

ALAMEDA IMPROVEMENT ASSO-
CIATION OPPOSES BIG
SCHEME.

ALAMEDA, April 12.—The proposed consolidation of Alameda, Oakland and Berkeley formed the subject of much discussion last evening at the meeting of the West End Improvement Association. The sentiment of the members showed that they would bend their efforts in every direction to discourage any such movement.

President C. R. Smith was the first to bring up the subject, saying in part: "Last Thursday evening a committee from our association went to Berkeley and met with the committees from the improvement associations of that city. We talked over the proposed consolidation, and I, for one, came away with the pleasant feeling that the representative men of Berkeley will be with us in our endeavor to offset the consolidation plans. We were received courteously and treated generously. The men of Berkeley seem to be live, energetic men."

"Last Friday night also I went over to Berkeley and had a conference with the committees from eight improvement clubs, of the college town. It was the opinion of those present that it would be a waste of time for the improvement clubs of the county to get together and take up matters of vital interests to the county."

BERKELEY AND ALAMEDA.

"If Berkeley and Alameda unite, we will have Oakland between us and make it hard to keep all our wishes more than sea has done in the past. I notice that A. Jones of the Merchants' Exchange of Oakland, has issued a statement in which he says that he does not believe in consolidating with Alameda, but that he is interested in forming a city and county of Oakland. This seems a direct flip-flop on the part of Jones, taking into consideration his past efforts in behalf of the consolidation."

Mr. Smith then went into retrospect, speaking of the meeting held in Oakland about a year and a half ago by the Merchants' Exchange, which was alleged to have been held for the purpose of blinding the representatives in the State Legislature and making them believe that Alameda was heart and soul in the proposition to become consolidated. It was said that Alamedans went over and stood all the way and turned the meeting into a fizzle.

THAT RALLY.

Mr. Smith then called attention to the consolidation rally, called by the Central Improvement Club of Oakland, to be held next Wednesday evening at 8 o'clock at the Park Hotel. The speaker stated that he knew that the members of the Chamber of Commerce of Oakland were not back of the rally, but that they were opposed to any plan for consolidation.

P. P. Royal then stated that it seemed to him that the plan of the Oakland people to force consolidation willfully. He wished to see the people of Alameda who make up the majority of the city, threatened by the consolidation, which he says "will wake up some morning and find its government gone."

George Renner also spoke of the alleged change of policy of Mr. Jones of Oakland, and he too went into the spot over the famous charge of West Alamedans on the "fixed" meeting in Oakland, which Mr. Renner says was simply a plan to gobble up Alameda by getting the Legislature to pass a bill to that effect.

"OTHER SPEAKERS."
N. C. Hawks wished to know if the Merchants' Exchange of Oakland could exert sufficient "pull" to get the Legislature to pass such a bill again, as it did at first, before the Governor vetoed it.

T. J. McCarthy and George Fulton were decidedly against any plan to consolidate. The majority of the others present were in favor of thinking that if the proposers could show the benefit to be derived from a businesslike standpoint, then Alamedans could consider the proposition.

San Jose, under his resignation as secretary of the club, it was not accepted, and Treasurer P. P. Royal was chosen to perform the duties of the office during Mr. Greene's absence. The latter has been seriously ill and offered his resignation only because his health would not permit him to perform the duties of the position.

RUN CARS WEST.

Martin Kenny visited the officials of the Oakland Traction Consolidated and they assumed him that they would soon take up the proposition to run the Santa Clara cars west of Webster street, making a loop and then coming back to Webster street at about Eagle avenue.

TAKE TRIP TO TRY AN AIRSHIP

ALAMEDA, April 12.—On next Sunday morning a party consisting of Captain C. R. Hamersmith, Colonel Hugh McGee, Senator E. K. Taylor, Lester K. Wells, Baron Alfred A. Barotau and others will leave in automobiles for a trip to Mrs. Hearst's chateau at Verona, Pleasanton.

The party will go along the following route: Over the county road to San Leandro, keeping to the right of the park, to Eastbrook Southern Pacific Railroad station, passing through the valley to San Jose Mission, passing the power house, over the divide to the Sunol bridge to Verona, where Mrs. Phoebe Hearst has donated forty acres of land towards Mr. Tolliver's monster airship site.

C. R. Tolliver, the inventor, has solved the problem and constructed an airship, which is completed and ready to navigate the air. Some of the party contemplate making arrangements to take passage on the day of sailing. Baron Eurota has long been connected with the solving of the problem, and will be a passenger on the trial trip.

ALAMEDA COUPLE
UNITED

PRETTY WEDDING PERFORMED
IN HOME PREPARED FOR
THE BRIDE.

ALAMEDA, April 12.—Surrounded by friends, Charles E. Wehn and Miss Isabel R. Tuttle were married last night at 8:20 o'clock at the residence at 1718 Lafayette street which Mr. Wehn has prepared as a home for himself and bride. The ceremony was performed by Rev. L. Potter Hitchcock.

The parlors where the ceremony was performed were decorated in white and green. The supper room was in pink and green. About forty guests witnessed the ceremony. Following the ceremony supper was served and the entire wedding party made merry and showered congratulations upon the bride and groom. The bride received a large number of handsome wedding presents.

The bride is the only daughter of Mr. and Mrs. E. O. Tuttle, formerly of 1620 Alameda avenue. Mr. Wehn is the nephew of Mrs. H. L. Halsey of Alameda. He is connected with the real estate firm of O. D. Baldwin & Son of San Francisco.

Mr. and Mrs. Wehn are now away on their honeymoon. They will spend several weeks in Southern California and then return to make their home in Alameda.

A Young Mother at Seventy.

"My mother has suddenly been made young at seventy. Twenty years of infirmity, suffering from dyspepsia had entirely disabled her, until six months ago, when she began taking Electric Bitters. She has completely recovered her strength and restored the strength and activity she had in the prime of life," writes Mrs. W. L. Gilpatrick of Danforth, Me.

Greatest restorative medicine on the globe. Seis Stomach, Liver and Kidneys right, purifies the blood, and cures Malaria, Biliousness and Weakness. Wonderful Nerve Tonic. Price 50c. Guaranteed by Osgood Bros' drug stores, Twelfth and Washington streets and Seventh and Broadway.

Salvation Army Requests Cast-Off Clothing.

If persons having cast-off garments, furniture or other articles for distribution among the poor, will telephone Oakland 3555 or send notice by postal to Staff Captain William L. Day, 426 Third street, Oakland, the army's relief team will call in any part of Berkeley, Piedmont, Fruitvale, Alameda or Oakland and vicinity for the things which are urgently needed.

You Cannot Buy Purer Whiskey

than HAYNER, no matter how much you pay or where you get it. We have been distilling whiskey for 39 years. We have one of the most modern and best equipped distilleries in the world. We know of nothing that would improve our product. Perfection in the distiller's art has been reached in HAYNER WHISKEY, which goes direct from our distillery to YOU, with all of its original purity, strength, richness and flavor. It doesn't pass through the hands of any dealer or middleman to adulterate. You thus save the dealer's big profits. You buy at the distiller's price, at first cost. Don't you see the economy in buying HAYNER WHISKEY, as well as the certainty of getting absolutely pure whiskey?

United States Senate, Washington, D. C.
"I have used HAYNER WHISKEY for medicinal purposes and have found it very satisfactory. I believe it to be a number-one medicinal whiskey."
Thomas S. Martin, U. S. Senator from Virginia.

friends on the occasion of her eighteenth birthday.

Among those present were Marcia Nichols, Mabel Wilson, Margaret O'Brien, Ina Nielsen, Tessie Horsmann, Norma Dondoro, Julia Stein, Carrie Dondoro.

BRIDGE CLUB.

Mrs. John Maxwell will entertain the Tuesday Afternoon Bridge Club next week at her home.

PERSONALS.

Mr. and Mrs. Alfred E. Bennett will leave about May 15 for a five months tour of Europe.

The Edward Lacy Braytons have taken a cottage at Carmel-by-the-Sea and will spend the summer there.

Brigadier-General and Mrs. Oscar F. Long are completing their pretty bungalow at Carmel-by-the-Sea and expect to occupy it within a few weeks.

Dr. and Mrs. Francis Musser will leave shortly for an extended visit in the East.

Mr. and Mrs. Frederick Stratton have been among the recent guests at Monterey.

A MUSICAL.

Miss Christina Rose will entertain tomorrow evening at a musicale to be given at her attractive home. The complimented guest will be Miss Elsie Beck, a singer of Salt Lake City.

OAKLAND CLUB.

The Oakland Club will entertain next Wednesday at the regular luncheon and a delightful reunion is anticipated. The chairman for the day is Mrs. W. W. Standford. A musical program of exceptional merit is in preparation and among the contributors will be Mrs. Blake-Alverson.

IN SCOTLAND.

Miss Elsie Campbell is spending the Easter holidays at beautiful Dunblane near Stirling, Scotland. During the month of May she will visit the islands on the west coast of Scotland and the Trochies.

IN BERKELEY.

Mrs. Gertrude Altherton is at the Berkeley Inn where she will spend the greater part of the summer. Dr. and Mrs. Earle Pownell will soon begin to build a pretty home in the Berkeley town, planning to live on this side of the bay.

MUSICAL EVENT.

The Van Ness Seminary Alumnae are planning a musicale to take place soon after Easter at the home of Mrs. Claren A. Martin. A number of our society maids and matrons are graduates of this seminary among the number Mrs. William R. Cluness, Mrs. Malcolm Henry, Mrs. Livingston Jenks, Mrs. Milton Pray, Mrs. Frederick Stolp, Mrs. Heber C. Tilden, Mrs. W. W. Van Arsdale, Mrs. Winslow Anderson, Mrs. David Briskine, Allison Mrs. John Charles Adams, Miss Julia Muir, Miss Jessie Moore, Miss Panny Pray, Miss Henrietta Stadtmiller, Miss Ida Freeman and Miss Belle Williams.

STRIKERS WALK OUT FILLED WITH SONG.

GRANITE CITY, Ill., April 13.—The American Steel Foundry plant here closed down today because of a strike of 300 of the 2800 men employed. The strikers who were employed as molders, helpers, jiggers, pickers and rammers, walked out singing songs of their native country. The molders' helpers demanded \$1.45 a day instead of \$1.10 which they now receive. The jiggers and pickers want \$1.75 instead of \$1.65 and the rammers \$2.25 instead of \$1.95.

MAIL CART DRIVERS STRIKE IN VIENNA.

VIENNA, April 13.—Seven hundred drivers of mail carts struck today for higher wages. The postal authorities were caught unawares but managed to secure men to take out the carts, each of which was escorted by a policeman.

Blood Poisoning.

Results from chronic constipation which is quickly cured by Dr. King's New Life Pills. They remove all poisonous germs from the system and infuse new life and vigor, cure sour stomach, nausea, headache, dizziness and colic without griping or discomfort. Guaranteed by Goodrich Bros. drug stores, Twelfth and Washington streets and Seventh and Broadway.

The action of Carter's Little Liver Pills is pleasant and natural. They gently stimulate the liver and regulate the bowels but do not purge. They are sure to please. Try them.

Patronize Home Industry. We will guarantee to save you 40 cents on the dollar in furniture. H. S. Helms, corner 11th and Franklin streets.

"Look and Live Happy" when purchasing furniture. Look for H. S. Helms' store. Get in the proper place, corner 11th and Franklin streets. You will be happy all your days.

CURE SICK HEAD

Sick Headache and relieve all the troubles incident to a bilious state of the system such as Dizziness, Nausea, Browsiness, Distress after eating, Pain in the Side, &c. While taking most remarkable success has been shown in curing.

Headache, yet Carter's Little Liver Pills are equally valuable in Constipation, curing and preventing this annoying complaint while they also correct all disorders of the stomach, regulate the liver and regulate the bowels. Even if they are cured.

Whether you would be almost prone to those who suffer from this distressing complaint, but fortunately their goodness does not end here and those who know the value of these little pills will find them in so many ways that they will not be willing to do without them. But after all sick head

ACHE is the base of so many ills that here is where we make our great boast. Our pills cure it while others do not. Carter's Little Liver Pills are very small and very easy to take. One or two pills make a dose. They are strictly vegetable and do not grip or purge but by their gentle action please all who take them.

WATERBURY CO., NEW YORK.
Small Pill. Small Dose. Small Price.

SOCIETY'S REALM

Mrs. J. R. Burnham will be one of the hostesses of next week's entertaining at an elaborate card party to be given at her beautiful home. Bridge is the game resorted to for the afternoon and the guest list includes about sixty friends.

The luncheon is given by Miss Burnham on Monday for the honor guests Mrs. Whipple Hall, Mrs. Fredrick Diekmann and Miss Marion Goodfellow and among the forty invited guests are Mrs. Dan Belden, Miss Ruth and Miss Alice Knowles, Miss Florence Huch, Miss Rose and Miss Ruth Kyles, Miss Florine Brown, Mrs.

Philip Clay, Miss Noelle De Golla, Miss Chas. Chabot, Misses Oliver, Miss Gertrude Allen, Miss Elsie Everson and others.

HOME WEDDING.

Miss Hild Scott daughter of Mrs. P. Scott became the bride of Mott A. Haskins last evening in the presence of a small company of relatives and closest friends.

The Rev. Mr. Brooks of the Pilgrim Christian Church performed the ceremony which was followed by an informal little supper after which the young couple departed on a brief honeymoon trip.

Upon their return they will make their home in a cozy little house which has been prepared for them in Fruitvale.

JUNE WEDDING.

An item of interest to college circles has just been received in the announcement of the engagement of G. Chester Noble instructor in the electrical engineering department of the University of California and Miss Eleanor G. Lehner of Santa Barbara.

Mr. Noble was graduated from the State University with the class of 1902 and has been a member of the faculty ever since. The wedding will be a June affair after which the young couple will reside in San Francisco.

CARD CLUBS.

Mrs. H. W. Thomas was hostess at the last meeting of the Hillside Avenue Card Club. A delightful hour was enjoyed over the cards the players including Mr. and Mrs. V. W. Gaskill.

Mr. and Mrs. V. Waldron Mr. and Mrs. Ed Hume Mr. and Mrs. Dennis Seales Mr. and Mrs. George Lackie Mr. and Mrs. David James Mr. and Mrs. C. B. Carr Mr. and Mrs. F. T. McHenry Mr. and Mrs. H. H. Robbins Mr. and Mrs. Hardentfeldt, Mr. and Mrs. Beckman of the East and Mr. and Mrs. Robert Phelps.

Mrs. Thomas and Mrs. H. C. Capwell will be joint hostesses next Monday at the meeting of the Monday Afternoon Whist Club to be held at the attractive home of Mrs. Thomas in Piedmont.

STORK'S VISIT.

Mr. and Mrs. Thomas A. Driscoll are receiving congratulations on the arrival of a little son in their home yesterday. Mrs. Driscoll was formerly Miss Alice Bacon and the wedding was one of the brilliant events of last year taking place in the chapel of the Santa Barbara Mission.

RECEIVING PARTY.

Mrs. W. W. Standford will be chairman next Wednesday at the luncheon of the Oakland Club, and will be assisted in her duties as hostess by Mrs. W. S. Pettis, Mrs. John Ronald, Mrs. W. S. Rudolph, Mrs. Joseph Sanders, Mrs. G. Rau, Miss Therese Rousseau, Mrs. J. W. Scott, Mrs. E. S. Shanklin, Miss Elizabeth Simpson, Mrs. W. S. Snook, Mrs. G. A. Scott, Mrs. W. A. Schrock, Mrs. H. H. Shinn, Mrs. Frank Shay, Mrs. W. D. Smith, Miss Henry Plummer, Mrs. A. J. Pillsbury, Mrs. W. S. Rheem.

BIRTHDAY PARTY.

A very pleasant birthday party was given Miss Marie Anderson by her

Saturday Night's Easter Special

TIFFANY VASES, 25c each

VASES THE SAME AS THESE WERE OFFERED ONCE BEFORE, AND SUCH APPRECIATION WAS SHOWN THAT THE SUPPLY RAN FAR SHORT OF THE DEMAND, AND A GREAT MANY WERE DISAPPOINTED. TAKING INTO CONSIDERATION THIS BEING THE FLOWER SEASON, WE HAVE ORDERED ABOUT THREE TIMES THE NUMBER, EXPECTING TO SUPPLY ALL WHO WISH THEM. THESE VASES ARE MADE OF A FINE OXIDIZED TIFFANY GLASS—AND ARE A RICH FIERY DISPLAY OF CHANGEABLE COLORS IN BLUES, PURPLES, GREEN AND BRONZE, JUST THE THING TO DECORATE WITH, AND YOU CAN BUY THEM NOW AT THE SEASONABLE TIME—EASTER, FOR ABOUT ONE-SIXTH THE PRICE YOU USUALLY PAY FOR THEM AT THE JEWELERS. THREE CHOICE PATTERNS TO SELECT FROM. NOT MORE THAN TWO TO A CUSTOMER—25 CENTS EACH.

IN THE COURT OF JUSTICE FOR THE COUNTY OF ALAMEDA

THE ELITE TAILORING CO.,
LEADING TAILORS

Plaintiff No.

THE PEOPLE OF ALAMEDA COUNTY,
Defendants

THE ELITE TAILORING COMPANY TO THE ABOVE NAMED DEFENDANTS,
GREETING:

You are hereby subpoenaed to be a witness of the display of our Spring and Summer Suitings. When you have appeared at our store and have seen the facts and heard the evidence about our case, we are sure your testimony will prove valuable to us.

And it is hereby ordered that, all and singular business being set aside, you appear and attend before the Court of Justice, No 1071 Broadway, in the City of Oakland, on Monday of April 16, A. D. 1906, any time after 8 o'clock a. m., to examine our Spring Styles and render a verdict in accordance with the superiority in quality, style, workmanship, trimmings and fit. This trial will continue indefinitely until your verdict is rendered.

(Signed): **ELITE TAILORING COMPANY**

Savoy Shoe Parlor

Spring
Shoe
Styles
Ready

We invite every appreciative man and woman in Oakland to look at the display of Spring styles in our window—then step inside and make a closer examination.

We believe the designers have outdone their best previous efforts in these new snappy shapes. There are no radical changes from last season's styles—but more taste has been displayed and the general appearance is perfect.

Our Savoy men's patent calf leather and velvet shoes at \$3.50 the same as prote favorites with fasciuous designs.

Ladies' Savoy new styles \$2.50 to \$3.50. Step around our way today.
